Wordsworths Library:

Wordsworth's Library Chester Linn Shaver,1979 *Wordsworth's Reading 1800-1815* Duncan Wu,1995 A comprehensive 1996 listing of authors and books read by William Wordsworth during the years of his greatest poetry

Wordsworth's Reading 1770-1799 Duncan Wu,1993-01-29 A directory of authors and books read by Wordsworth before the age of thirty **Wordsworth's Monastic Inheritance** Jessica Fay,2018-04-27 This is the first extended study of Wordsworth's complex subtle and often conflicted engagement with the material and cultural legacies of monasticism It reveals that a set of topographical antiquarian and ecclesiastical sources consulted by Wordsworth between 1806 and 1822 provided extensive details of the routines structures landscapes and architecture of the medieval monastic system In addition to offering a new way of thinking about religious dimensions of Wordsworth's work and his views on Roman Catholicism the book offers original insights into a range of important issues in his poetry and prose including the historical resonances of the landscape local attachment and memorialization gardening and cultivation Quakerism and silence solitude and community pastoral retreat and national identity Wordsworth's interest in monastic history helps explain significant stylistic developments in his writing In this often neglected phase of his career Wordsworth undertakes a series of generic experiments in order to craft poems capable of reformulating and refining taste he adapts popular narrative forms and challenges pastoral conventions creating difficult austere poetry that he hopes will encourage contemplation and subdue readers appetites for exciting narrative action This book thus argues for the significance and innovative qualities of some of Wordsworth's most marginalized writings It grants poems such as *The White Doe of Rylstone* *The Excursion* and *Ecclesiastical Sketches* the centrality Wordsworth believed they deserved and reveals how Wordsworth's engagement with the monastic history of his local region inflected his radical strategies for the creation of taste *Wordsworth* William Wordsworth,1914 **Wordsworth and Beginnings of Modern Poetry** Robert Rehder,2016-06-17 First published in 1981 this study sees Wordsworth's work as part of the continuous European struggle to come to terms with consciousness The author pays particular attention to Wordsworth's style and investigates the unstated and unconscious assumptions of that style He discusses the conflicting feelings that shaped Wordsworth's changing conception of *The Recluse* offers a new interpretation of his classification of his poems and examines the meaning of one of his favourite images the panoramic view of a valley filled with mist While the emphasis is on Wordsworth's greatness as a poet the book stresses the importance of significance of his relation to European literature and poetry **Literature** ,1899 **The Manuscript of William Wordsworth's Poems, in Two Volumes (1807)** William Wordsworth,British Library,1984 *Collecting, Curating, and Researching Writers' Libraries* Richard W. Oram,2014-05-21 Academic collection practices in recent years have extended to the private libraries of notable individual authors As a consequence book historians have become more interested in the study of provenance of the contents of these libraries while literary scholars have devoted more attention to authorial

annotations At the same time the Internet has encouraged both scholarly and hobbyist reconstructions of private libraries see for example the Legacy Libraries on Librarything com Although there are many bibliographies and reconstructions of the libraries of authors this is the first general consideration of these libraries and serves as an introduction to best practices for academic libraries in their acquisition cataloging and issues of access This collection begins with principal editor Richard Oram s historical overview of writers libraries and institutional collecting focusing primarily on English language authors The co editor Joseph Nicholson has provided a definitive review of best cataloging and arrangement practices that facilitate scholarly access The bookseller Kevin Mac Donnell discusses the marketing of these collections and obstacles to placing intact author libraries in institutions Also included are case studies by Amanda Golden and David Faulds relating to the personal libraries of the poets Anne Sexton and Ted Hughes indicating how these collections have the potential to enhance archival research Fiction writers Iain Sinclair Russell Banks Jim Crace poet Ted Kooser and biographer Ron Powers describe their sometimes passionate relationship with books and their own personal libraries The concluding chapter a location guide to over 500 individual libraries will be invaluable to scholars and librarians who want to know where writers libraries are currently located what happened to them if they are known to have been sold or dispersed and what has been written about them
