Management Arthur G. Bedeian,1993 Hospital Management ,1922 The Work-Life Balance Myth: Rethinking Your Optimal Balance for Success David J. McNeff,2021-02-23 An empowering guide that will show you how to shed the myth of the work life balance by merging the seven key components that make up your life to attain harmony and whole life success All of us have Seven Slices in our lives our Family Slice our

Professional Slice our Personal Slice our Physical Slice our Intellectual Slice our Emotional Slice and our Spiritual Slice
These all need to be served in some fashion and in serving them they in turn serve us This relatively simple but profoundly
critical concept is at the heart of the method executive coach David McNeff has used to transform the lives and careers of his
clients It begins with two important facts 1 stress happens you can t avoid it and 2 your existence is composed of far more
than work and life Too often we divide our lives into those two general categories but we re all a lot more complex and our
lives are richer than that By being clear and mindful of all aspects of your life the Seven Slices you ll be more likely to find
inner harmony when stress impacts one of them In *The Work Life Balance Myth* McNeff takes you on a deep dive into each of
the Seven Slices explaining the components of each Slice signs that you may not be attending to each Slice in a healthy way
and hands on methods for accessing an underserved Slice *The Work Life Balance Myth* won t make your life perfect no one
can do that and you shouldn t trust anyone who makes that promise What this book will do is provide you with proven new
ways of framing your life seeing stress for what it is and vastly improving your ability to navigate the emotional challenges
that will inevitably arise in a way that serves your Seven Slices *Public Service Management* ,1922 **The Birth Control
