Work Of Cities:

The Oxford Handbook of Industrial Hubs and Economic Development Arkebe Oqubay, Justin Yifu Lin, 2020-07-23

Industrialization supported by industrial hubs has been widely associated with structural transformation and catch up But while the direct economic benefits of industrial hubs are significant their value lies first and foremost in their contribution as incubators of industrialization production and technological capability and innovation The Oxford Handbook of Industrial Hubs and Economic Development adopts an interdisciplinary approach to examine the conceptual underpinnings review empirical evidence of regions and economies and extract pertinent lessons for policy researchers and practitioners on the key drivers of success and failure for industrial hubs This Handbook illustrates the diverse and complex nature of industrial hubs and shows how they promote industrialization economic structural transformation and technological catch up It explores the implications of emerging issues and trends such as environmental protection and sustainability technological advancement shifts in the global economy and urbanization
