The Plague Column:

The Plague Column Jaroslav Seifert, 1979 *The Poetry of Jaroslav Seifert* Jaroslav Seifert, 1998 Although Seifert lived through the many historic turns of his homeland his was not a political poetry except in its constant expression of love for his homeland its beauties and its values He was the great poet of Prague of love of the senses His work was unpretentious lyrical yet irreverent earthy charming Seifert was known for the simplicity of his verse yet his poems are full of surprises never what at first they seem *Sir William Petty* Sir William Petty, 1997 This set collects all of Petty s published writings in economics an extensive selection of his correspondence a biography and the most important secondary writing on his work *The Economic Writings of Sir William Petty* Sir William Petty, 1899 *The Ethics of Collecting Trauma* Alexandra Bounia, Andrea Witcomb, 2024-10-31 *The Ethics of Collecting Trauma* offers an interdisciplinary dialogue on the ethics of contemporary museums that are involved in collecting moments of collective trauma Including a range of international contributions the volume explores the ethics of collecting material that documents contemporary traumatic events The case studies focus on four categories of such events forced migration terrorism attacks major natural disasters and cultural traumas such as the ongoing legacy of colonization Contributors consider whether cultural institutions have a right to collect materials about these events and what kind of materials they should focus on if so who is being memorialized who should hold the power to decide what is collected and what the critical timeline for such initiatives is The volume also considers what the larger purpose of such collecting is and how to deal with past collecting practices arguing that museums need to consider in a careful and deliberate way their ethical responsibilities as cultural institutions *The Ethics of Collecting Trauma* will be of interest to academics and students working in the areas of museum and heritage studies cultural studies trauma studies memory studies and migration studies The book will also appeal to museum professionals working around the globe

Natural and political observations upon the bills of mortality Sir William Petty, 1899 **The Everyday Life of Memorials** Andrew M. Shanken, 2022-10-04 A timely study erudite and exciting about the ordinary and oftentimes unseen lives of memorials Memorials are commonly studied as part of the commemorative infrastructure of modern society Just as often they are understood as sites of political contestation where people battle over the meaning of events But most of the time they are neither Instead they take their rest as ordinary objects part of the street furniture of urban life Most memorials are turned on only on special days such as Memorial Day or at heated moments as in August 2017 when the Robert E Lee monument in Charlottesville was overtaken by a political maelstrom The rest of the time they are turned off This book is about the everyday life of memorials It explores their relationship to the pulses of daily life their meaning within this quotidian context and their place within the development of modern cities Through Andrew Shanken s close historical readings of memorials both well known and obscure two distinct strands of scholarship are thus brought together the study of the everyday and memory studies From the introduction of modern memorials in the wake of the French Revolution

through the recent destruction of Confederate monuments memorials have oscillated between the everyday and the not everyday In fact memorials have been implicated in the very structure of these categories The Everyday Life of Memorials explores how memorials end up where they are grow invisible fight with traffic get moved are assembled into memorial zones and are drawn anew into commemorations and political maelstroms that their original sponsors never could have imagined Finally exploring how people behave at memorials and what memorials ask of people reveals just how strange the commemorative infrastructure of modernity is *The End of the World?* Národní galerie v Praze,2000 *Minutes of Evidence Taken by the Indian Plague Commission with Appendices* Indian Plague Commission, 1898-99,1900 *Czech and Slovak Republics* Rob Humphreys,2002 Catch up on the latest from the Czech and Slovak Republics punchy reviews of the best restaurants pubs and accommodations in every town insider s accounts of Prague and Bratislava and tips on everything from clubs to opera productions New background articles on the Romanies racism and the Slovak Romanian problem keep you in touch with the countries as they truly are today [Die Romische Republik](#) EPUB 2-3,2015-04-22 Provides a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems **Plague and Pestilence in Literature and Art** Sir Raymond Henry Payne Crawford,1914 [The Idol in the Age of Art](#) Michael Wayne Cole,Rebecca Zorach,2009 Conflicting attitudes towards devotional art was a major factor in the confessional divisions that split Reformation Europe By presenting essays concerned with both European subjects and European perceptions of other cultures The Idol in the Age of Art contributes to ongoing attempts to globalize the study of European art Approaching the Reformation idol as an essentially international problem and placing particular emphasis on cultural encounters it provides fresh perspectives on the very nature of Renaissance art and underscores how colonial issues came to be often framed in terms of European religious conflicts **House of Commons Parliamentary Papers** Great Britain. Parliament. House of Commons,1900 **The Sanitary Record** ,1897 **Reflections on Baroque** Robert Harbison,2000 From its beginnings in the seventeenth century the eccentric and tumultuous forms of the Baroque spread across not only Europe but colonial Latin America and Asia as well With Reflections on Baroque Robert Harbison brings together discussions of aesthetics science mysticism politics religion and culture to offer a surprising reinterpretations of the baroque style and its influences and echoes into the twentieth century [The Sanitary Record and Journal of Sanitary and Municipal Engineering](#) ,1897 *Sessional Papers* Great Britain.
