## **The Triune Connection:**

**The Mystery of the Trinity** Agbolade O. Olalekan,2020-09-21 The doctrine of the Trinity is the most puzzling doctrine yet the central truth of the Christian faith It unites all true believers and separates us from those who are anti Christ because if you deny this doctrine in your heart you are not a Christian but an anti Christ Not only that man himself is tripartite in nature spirit soul and body but even the entire universe is Trinitarian by design The universe consists of three things matter mass energy and motion space length height and breadth and time past present and future Take away any one of those three and the universe would cease to exist yet each one of those is itself a Trinity The Father the Son and the Spirit do not exist separately but together as One God

**Our Triune God** Philip Graham Ryken,Michael LeFebvre,2011-04-07 How are we to relate to a three personed God The idea of the Trinity may initially seem too abstract to understand but the truth is that a deeper knowledge of God as Father Son and Holy Spirit has daily importance Convinced that many Christians have some level of awareness that God is triune but are virtually Unitarian the authors have written a practical and theologically robust resource to help readers grow closer to the Triune God Philip Ryken and Michael LeFebvre examine the doctrine of the Trinity in four parts They explain the roles of the Father Son and Spirit in salvation answer difficult questions about the Trinity explore the believer s relationship to each person of the Trinity and provide an exposition of the various Gospel narratives depicting how the three persons of the Trinity work together to accomplish the redemptive purposes of God Their careful treatment of these central truths captures important implications for the Christian life Our Triune God is a helpful guide for Christians wanting to deepen their faith and for pastors as they shepherd their congregations toward a richer love of the Father Son and Holy Spirit

**A Transforming Vision** George Westhaver ,2018-01-31 The study of Christian theology in the last half century has seen a major renaissance in Trinitarian thought which has attempted to connect Trinitarian theology to all aspects of Christian faith and practice This revival has often addressed the unfortunate split which has haunted much modern theological endeavour between theology and both prayer and practice the disjunction between thought about God and the movement of the heart toward God in transformed lives Drawn from papers given at a Pusey House conference in 2015 the contributors to this collection explore what it means to know and love the Triune God and how the knowledge of

**"It's All about Relationship"** John Gabriel Miller, 2021 The impetus for this study is the fact that many times I have heard people describe Christianity using the phrase It's all about relationship and the more I meditate on that thought the more I do not think most people know what they mean when they say that Sometimes the relationship they describe amounts to prayer and Bible study Sometimes it is an attempt to draw a contrast between works based religion and the real thing In my experience however they never drill down to defining what that real thing is I wholeheartedly agree it is all about relationship thus this work is aimed at defining more precisely the nature of this relationship To state the problem this thesis addresses succinctly the specifics of the relationship between Father and Son Son and Spirit and Spirit and Father have not yet been adequately explored To state the purpose of the project succinctly the purpose of this work is to offer more robust commentary on the nature of the interpersonal Trinitarian relationships various aspects of the relationship between God and humanity and several aspects of our relationships with others The main thrust of this thesis is that the purpose of life is to fellowship with God and with others and the origin of that purpose is found in the interpersonal self fellowship of the Triune God **The Triune God** Edmund J. Fortman, 1999-02-23 A primary condition for fresh thinking on the Trinity is an accurate objective account of past and present thought wrote one reviewer when The Triune God first appeared in 1972 This is what Fortman has presented sensitively accurately and compactly The author sets out to trace the historical development of Trinitarian doctrine from its written beginnings to its contemporary status Thus he treats the biblical witness the Council of Nicea Augustine the Middle Ages and the development of this doctrine from the fifteenth century to the present in the

Protestant Orthodox and Catholic traditions      **Rediscovering the Triune God** Stanley James Grenz, The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God s trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God s inner life vs God s relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God s trinitarian life figures in evolution social justice and spirituality Grenz s Introduction place this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology      **Jesus and the Triune God** Young Seon Kim,1993      [A New Humanity](#) Luciano Lombardi,2023-02-15 Lombardi leads us into an interaction with the apostle s breathtaking vision A New Humanity helps answer Paul s own prayer that the eyes of our hearts would be enlightened that we could know who we are in Jesus in his Father in the Holy Spirit together Beautiful C Baxter Kruger Author of Across All Worlds and the international bestseller The Shack Revisited I welcome this valuable addition to the study of Ephesians and recommend it to individuals and groups who intend to live as masterpieces of His creation David Wells General Superintendent of the PAOC and Canadian Sports Chaplain Olympic Pan Am and Commonwealth Games Luciano provides some wonderful pastoral insights as a reminder that the Bible is still relevant in addressing today s most pressing questions Domenic Ruso PhD Lead Pastor 180 Church Laval Quebec and author of Making Sense of the Church An Introduction This book is a call for everyone to live out the humanity that God has given us through Jesus This book is a must read for everyone looking for a sense of purpose and destiny in life      *A History of the Donaldson Family and Its Connections* Warren A. Donaldson,1878      *Christian Dogmatics* Hans Martensen,1874      *The International Critical Commentary on the Holy Scriptures of the Old and New Testaments* ,1925      *A Critical and Exegetical Commentary on the Gospel According to S. Matthew* Willoughby Charles Allen,1910      **A Critical and Exegetical Commentary on the Gospel According to St. Matthew** Willoughby Charles Allen,1910      **On the Athanasian Creed and Subjects Connected with It, Etc** Emanuel Swedenborg,1875      *In Search of the Triune God* Eugene Webb,2014-03-11 Under the broad umbrella of the Christian religion there exists a great divide between two fundamentally different ways of thinking about key aspects of the Christian faith Eugene Webb explores the sources of that divide looking at how the Eastern and Western Christian worlds drifted apart due both to the different ways they interpreted their symbols and to the different roles political power played in their histories Previous studies have focused on historical events or on the history of theological ideas In Search of the Triune God delves deeper by exploring how the Christian East and the Christian West have conceived the relation between symbol and experience Webb

demonstrates that whereas for Western Christianity discussion of the doctrine of the Trinity has tended toward speculation about the internal structure of the Godhead in the Eastern tradition the symbolism of the Triune God has always been closely connected to religious experience In their approaches to theology Western Christianity has tended toward a speculative theology and Eastern Christianity toward a mystical theology This difference of focus has led to a large range of fundamental differences in many areas not only of theology but also of religious life Webb traces the history of the pertinent symbols God as Father Son of God Spirit of God Messiah King etc from the Hebrew Bible and New Testament through patristic thinkers and the councils that eventually defined orthodoxy In addition he shows how the symbols interpreted through the different cultural lenses of the East and the West gradually took on meanings that became the material of very different worldviews especially as the respective histories of the Eastern and Western Christian worlds led them into different kinds of entanglement with ambition and power Through this incisive exploration Webb offers a dramatic and provocative new picture of the history of Christianity *On the Athanasian Creed and Subjects Connected with it* Emanuel Swedenborg,1875

*The Triune Nature of God* Robert D. Cornwall,2019-06-11 The doctrine of the trinity is probably the most complex and mysterious topic in Christian theology yet it impacts our understanding of many other doctrines Pastor Theologian Robert D Cornwall brings his knowledge of church history to the task of examining this doctrine looking at how it developed and what justifies its presence in Christian theology He uses the history of his own Disciples of Christ tradition as one of the expressions of the Stone Campbell movement which avoids creeds very effectively in examining how we distinguish between the statements and events of scripture and our theological reflections on them Can a doctrine not mentioned in scripture be of value Are creeds necessary or even useful Cornwall threads a careful course between the value of the creeds and within them the doctrine of the trinity in defining our ecumenical relationships and task on the one and on the other the danger of having creeds as a test of fellowship and faith While rooted in his own denomination s traditions this is very valuable to other denominations and movements as we examine what defines us while at the same time seeking freedom in non essentials This book is especially strong in examining the history of the development of this doctrine and connecting this to our ongoing reflection on scripture and what our tradition and experience provides This short volume is valuable to all those who seek to understand the trinity not just as an element in a doctrinal system but as it aids us in thinking about elements of our faith **Understanding Children's Spirituality** Kevin E. Lawson,2012-03-22 How important is childhood in the spiritual formation of a person How do children experience God in the context of their lives as they grow What does God do in the lives of children to draw them to himself and help them grow into a vital relationship with him How can adults who care about children better support their spiritual growth and direct it toward relationship with God through Jesus Christ

These are critical questions that church leaders face as they consider how best to nurture the faith of the children God brings into our lives In this book over two dozen Christian scholars and ministry leaders explore important issues about the spiritual

life of children and ways parents church leaders and others who care about children can promote their spiritual formation
