### **Third Current Of Revolution:**

*The Salvador Option* Russell Crandall,2016-05-23 El Salvador's civil war between the Salvadoran government and Marxist guerrillas erupted into full force in early 1981 and endured for eleven bloody years Unwilling to tolerate an advance of Soviet and Cuban backed communism in its geopolitical backyard the US provided over six billion dollars in military and economic aid to the Salvadoran government El Salvador was a deeply controversial issue in American society and divided Congress and the public into left and right Relying on thousands of archival documents as well as interviews with participants on both sides of the war *The Salvador Option* offers a thorough and fair minded interpretation of the available evidence If success is defined narrowly there is little question that the Salvador Option achieved its Cold War strategic objectives of checking communism Much more difficult however is to determine what human price this success entailed a toll suffered almost entirely by Salvadorans in this brutal civil war

**Evolve** Graeme Findlay,2018-10-12 Leaders work hard to develop strong leadership capabilities in today's modern organizations for the benefit of their teams and for their own careers But sometimes conventional leadership theory fails to explain why our efforts fail to make an impact and arguably are becoming less and less successful Why would this be The answer lies in our evolutionary history Leadership is integral to our success and evolution as a species as larger better functioning groups out survived fragmented groups that did not benefit from strong leadership Leader follower relationships are therefore deeply ingrained in our brains our instincts and our behaviour But our modern world with its technology connectedness and complexity has evolved much faster than our brains and our leader follower behaviour has not caught up *Evolve* charts the fascinating development of our evolutionary history to provide a profound understanding of human behaviour around leadership It also establishes a framework for the modes of leadership that shape the world today Through case studies and real world examples you will gain powerful insights into the nature of leadership now More importantly these insights inform the actions you can take in your own life to enable you to become a more aware mindful impactful and successful leader
