Allen,2026 Vital Moments

traces a literary history of vitalism from the early nineteenth century to the present Vitalist perspectives associated with important philosophers such as Henri Bergson attribute thought feeling and agency to nonhuman life and seemingly inanimate matter By showing how American writers of the Romantic period embedded such ideas in their representations of the nonhuman world Vital Moments offers a crucial prehistory of our current fascination with vitalism which we encounter in theories of living worlds such as the Gaia Hypothesis and other scientific literary and cinematic responses to climate change
