An F-105 Pilot over North Vietnam

# When Thunder Rolled

**A Loxley**

## When Thunder Rolled:

*When Thunder Rolled* Ed Rasimus, 2011-09-20 Ed Rasimus straps the reader into the cockpit of an F 105 Thunderchief fighter bomber in his engaging account of the Rolling Thunder campaign in the skies over North Vietnam Between 1965 and 1968 more than 330 F 105s were lost the highest loss rate in Southeast Asia and many pilots were killed captured and wounded because of the Air Force's disastrous tactics The descriptions of Rasimus's one hundred missions some of the most dangerous of the conflict will satisfy anyone addicted to vivid heart stopping aerial combat as will the details of his transformation from a young man paralyzed with self doubt into a battle hardened veteran His unique perspective candid analysis and the sheer power of his narrative rank his memoir with the finest most entertaining of the war **WHEN THUNDER ROLLED** PB Rasimus E, 2000-01-01 Ed Rasimus straps the reader into the cockpit of an F 105 Thunderchief fighter bomber hurtling through the MiG filled skies over North Vietnam and then fast and low into the teeth of the enemy's ferocious air defenses with less than a 50/50 chance of surviving The most engaging writing ever published about the Rolling Thunder campaign and the war in the North When Thunder Rolled balances first gnawing action with the horror and sorrow of modern aerial combat More than 300 F 105s were lost in the campaign because the air force brought the wrong strategy disastrous tactics and an ill suited aircraft A Cold War nuke sled the Thunderchief was as much the pilot's enemy as the North Vietnamese and LBJ's war planners Rasimus spares none of the outrage he experienced 35 years ago in this astute surgical strike on Washington's deadly arrogance and inflexibility The first account by a junior officer serving at the height of the campaign the book breaks the unspoken vow of secrecy surrounding a new pilot's psychological gauntlet of fear
