

WHY WOMEN KILL

When Women Kill

Katherine A Foss

When Women Kill:

When Women Kill Coramae Richey Mann, 1996-02-01 The volume explores every aspect of females who murdered from arrest through sentencing and provides descriptions of ecological and other circumstances of the murders the victims the motives of the perpetrators and their fates in court The generous utilization of case examples dramatically reveals the homicide scenarios This exploratory descriptive study compares 296 females arrested for homicide in six urban areas Atlanta Baltimore Chicago Houston Los Angeles and New York City in 1979 and 1983 During field trips to these cities which have the highest murder rates in the country both qualitative and quantitative data were collected from police files homicide records F B I reports and criminal court information Research analyses reveals a fascinating profile of today's female murderer When Women Kill presents a comprehensive yet highly readable overview of this previously neglected subgroup of homicide offenders

Rampage Violence Narratives Kathryn E. Linder, 2014-04-24 Springfield Columbine Sandy Hook Each school shooting in the United States is followed by a series of questions Why does this happen Who are the shooters How can this be prevented Along with parents school officials media outlets and scholars popular culture has also attempted to respond to these questions through a variety of fictional portrayals of rampage violence Rampage Violence Narratives What Fictional Accounts of Rampage Violence Say about the Future of America's Youth offers a detailed look at the state of youth identity in American cultural representations of youth violence through an extended analysis of over forty primary sources of fictional narratives of urban and suburban rural school violence Representations of suburban and rural school shootings that are modeled after real life events serve to shape popular understandings of the relationship between education and American identity the liminal space between childhood and adulthood and the centrality of white heterosexual masculinity to definitions of social and political success in the United States Through a series of case studies that offer in depth examinations of fictional depictions of school shootings in film and literature it becomes clear that these stories are representative of a larger social narrative regarding the future of the United States The continuing struggle to understand youth violence is part of an ongoing conversation about what it means to raise future citizens within a cultural moment that views youth through a lens of anxiety rather than optimism *Understanding Homicide* Fiona Brookman, 2005-02-16

Understanding Homicide is a comprehensive and challenging text unravelling the phenomenon of homicide The author combines original analysis with a lucid overview of the key theories and debates in the study of homicide and violence In introducing the broad spectrum of different features aspects and forms of homicide Fiona Brookman examines its patterns and trends how it may be explained its investigation and how it may be prevented The book is unique in its focus coverage and style and bridges a major gap in criminological literature While focused in several respects upon the UK experience of homicide the text necessarily draws upon and makes a significant contribution to international literature research and debate

Demystifying the Big House Katherine A Foss, 2018-07-06 Essays in this volume illustrate how shows such as Orange

Is the New Black and Oz impact the public's perception of crime rates the criminal justice system and imprisonment Contributors look at prison wives on reality television series portrayals of death row breastfeeding while in prison transgender prisoners and black masculinity They also examine the ways in which media messages ignore an individual's struggle against an all too frequently biased system and instead dehumanize the incarcerated as violent and overwhelmingly masculine Together these essays argue media reform is necessary for penal reform proposing that more accurate media representations of prison life could improve public support for programs dealing with poverty abuse and drug addiction factors that increase the likelihood of criminal activity and incarceration Scholars from cultural and critical studies feminist studies queer studies African American studies media studies sociology and psychology offer critical analysis of media depictions of prison bridging the media's portrayals of incarcerated lives with actual experiences and bringing to light forgotten voices in prison narratives

African American Families Angela J. Hattery, Earl Smith, 2007-04-19 Bravo to the authors They have done an excellent job addressing the issues that are critical to community members policy makers and interventionists concerned with Black families in the context of our nation Michael C Lambert University of Missouri Columbia African American Families is a timely work The strength of this text lies in the depth of coverage clarity and the ability to combine secondary sources statistics and qualitative data to reveal the plight of African Americans in society Edward Opoku Dapaah Winston Salem State University African American Families is both engaging and challenging and is perhaps one of the most important works I have read in many years This book will most certainly move the discourse of the socio economic conditions of black families forward beyond the boundaries already set by other books in the market African American Families is an excellent book whose time has come and one that I would most definitely adopt Lateef O Badru University of Louisville African American Families provides a systematic sociological study of contemporary life for families of African descent living in the United States Analyzing both quantitative and qualitative data authors Angela J Hattery and Earl Smith identify the structural barriers that African Americans face in their attempts to raise their children and create loving healthy and raise the children of the next generation Key Features Uses the lens provided by the race class and gender paradigm Examples illustrate the ways in which multiple systems of oppression interact with patterns of self defeating behavior to create barriers that deny many African Americans access to the American dream Addresses issues not fully or adequately addressed in previous books on Black families These issues include personal responsibility and disproportionately high rates of incarceration family violence and chronic illnesses like HIV AIDS Brings statistical data to life The authors weave personal stories based on interviews they've conducted into the usual data from scholarly literature and from U S Census Bureau reports Provides several illustrations from Hurricane Katrina A contemporary analysis of a recent disaster demonstrates many of the issues presented in the book such as housing segregation and predatory lending practices Offers extensive data tables in the appendices Assembled in easy to read tables students are given access to the latest national

agencies data from agencies including the U S Census Bureau Centers for Disease Control and Bureau of Justice Statistics
 Intended Audience This is an ideal textbook for advanced undergraduate and graduate courses such as African American
