Work-Life Inclusion Krystal Wilkinson, Helen Woolnough, 2024-02-05 Examining a range of under explored work life interface issues as they affect different stages of a worker's life the authors share new insights into complex issues that affect us all

The Oxford Handbook of the Psychology of Working David L. Blustein, 2013-07-11 Researchers and practitioners interested in the role of work in people's lives are faced with the need for new perspectives to support clients communities and organizations This handbook is designed to fill this gap in the literature by focusing on the full spectrum of people who work and who want to work across the diverse contexts that frame working in the 21st century

*Employment Relations as Networks* Bernd Brandl, Bengt Larsson, Alex Lehr, Oscar Molina, 2022-07-15 Traditional approaches in the wide field of employment relations focused on a small and clearly delineated set of actors such as trade unions and employers organizations operating within the constraints given by formal nationally confined institutions It is becoming increasingly clear that traditional approaches are insufficiently able to account for employment relations processes and outcomes in a world wherein formal institutions are being rapidly transformed and partially dissolved national boundaries become porous and the sheer number of actors involved is increasing substantially A shift in perspective is necessary past the nationally bounded actor institution dichotomy towards an understanding of employment relations as fundamentally mediated by complex and emergent networks that connect a multitude of actors within and between countries This volume provides a seminal starting point for such a paradigm shift by applying theories and methodologies from social network analysis to the study of employment relations It develops a theoretical toolkit of mechanisms that operate within networks and shape employment relations processes and outcomes such as wages labour market policies and labour conflicts It brings together insights from various projects that investigate the structure functioning and impact of networks in employment relations through quantitative and qualitative methods It will be of particular interest to students and scholars of employment relations across business and management economics political science and sociology disciplines as well as those interested in social networks Managers trade unions employers organizations and state authorities at national and international levels will find it helpful in understanding how networks shape their world
