Table Olives:

Table Olives A. Garrido Fernandez, M.R. Adams, M.J. Fernandez-Diez, 1997-07-31 This book covers the history botany and agricultural aspects of the crop summarising the techniques that have been developed to improve harvesting processing and packaging of olives Full details are provided relating to the physico chemical and microbiological aspects of processing of each of the olive types It will serve as a practical guide to agricultural scientists food scientists and technologists who are involved in the preparation of table olives Producing Table Olives Stan Kailis, David John Harris, 2007 This manual provides olive growers and processors with nationally accepted guidelines for ensuring the quality and safety of processed table olives Covers all aspects essential for the production of safe nutritious and marketable table olives *Olive Production Manual* G. Steven Sibbett, Louise Ferguson, 2005 This bestselling manual is the definitive guide to olive production in California This 180 page manual is fully illustrated with 40 tables 19 line drawings and 36 charts and 100 color and black and white photos The most notable additions to this edition include a new chapter on deficit irrigation a greatly expanded chapter on olive oil production and coverage of four new pests including the olive fly Includes production techniques for commercial growers worldwide from orchard planning and maintenance to harvesting and postharvest processing Contains information on pollination pruning for shaker and vertical rotating comb harvest mechanical pruning deficit irrigation mechanical harvesting methods including trunk shaking and canopy contact harvesters postharvest handling and processing methods and olive oil production Also includes information on new pests including olive fly oleander scale olive mite and black vine weevil Table Olives A. Garrido Fernandez, M R Adams, 1997-01-01 Table olive processing has been a very old tradition in practically all the countries around the Mediterranean Basin however with the development of techniques that improve harvesting processing and packaging of olives it has become a major industry in the USA Spain Greece and many other regions in the last 60 years As well as discussing the physical and chemical characteristics of the olive the book summarizes the processing techniques that have been developed It will serve as practical guide for food scientists and technologists who are involved in the preparation of table olives *New Trends in Table Olive Fermentation, 2nd Edition* Joaquín Bautista-Gallego, Francisco Noé Arroyo-López, Albert Bordons, Rufino Jiménez-Díaz, 2020-03-27 Table olives are a traditional fermented vegetable with many centuries of history particularly in the Mediterranean basin where this food has had a great influence on the culture and diet of many countries Moreover this fermented food is prepared with fruits obtained from cultivated *Olea europaea* subsp *europaea* var *europaea* trees and has been expanded for many countries all over the world At present the table olive is one of the major fermented vegetables with an overall production above 2 500 000 tons year Thus the table olive industry is increasingly demanding new biotechnological approaches sensory characteristics and differentiation of the products So scientists have to focus on solving problems and providing new tools in this fermented food process In recent years there is an increased interest in different nutritional and microbial aspects related to table olives

During the last five years new fields have been implemented or developed such as new probiotic strains to produce an enriched product study of pathogen survival NaCl content reduction microbial resistant to stress conditions microbial biofilms predictive microbiology use of NGS and metagenomics use of bioactive compounds derived from table olive processing and the treatment of effluents generated during olive processing The diversity of research displayed in this Research Topic demonstrates the important potential of this product and its impact on the fermented vegetables economy
