Taize Experience:

The Taizé Experience frère Roger, 1990 **Pre-Evangelization and Young Adult "Native Nones"** Tamra Hull Fromm, 2021-01-19 What motivates American young adult native nones or those who have grown up without a religious background to investigate the Catholic faith? What turns them off? How do we reach them? Tamra Hull Fromm re-examines the role of pre-evangelization in the contemporary context and presents a micro-study of twenty-four native nones who chose to investigate the Catholic Church through the Rite of Christian Initiation of Adults (RCIA) in the Archdiocese of Detroit, USA.

Taizé, a Meaning to Life Olivier Clément, 1997 **Liturgical Music as Ritual Symbol** Judith Marie Kubicki, 1999 In this book, Sister Kubicki uses Jacques Berthier's Taizé music to explore the nature of liturgical music as ritual symbol. She carries out a hermeneutical analysis of Berthier's chants and examines biographical and historical data related to the creators of Taizé music and the founding of the Taizé community. The author draws on five areas of study to interpret the Taizé chants as ritual symbol: symbol theory, semiotics, theologies of symbol, ritual theory, and performative language theory. The final chapter explores potential ecclesial meanings which may be mediated in the Taizé liturgy and the role of Berthier's chants in mediating that meaning. The study concludes that it is music's symbolic property that enables it to be both ministerial and integral to the liturgy. As symbolic activity, music-making evokes participation, negotiates relationships, and enables the assembly to orient themselves and to find their identity and place within their world. Furthermore, music-making provides the illocutionary force to do something in the act of singing. Thus, it is that as part of a complexus of ritual symbols, music interacts with other symbols in mediating the liturgy's meaning.

Through the Iron Curtain Silvia Scatena, Dietrich Sagert, 2023-12-04 The history of the intertwined relationships woven by the Taizé Community amongst Christians of Eastern European countries in the second half of the last century has not yet been written. Yet it is a fundamental chapter for understanding the unique international influence of the community. The encounter with the different faces of a Christian youth beyond the Iron Curtain who in Taizé had their first experience of a unified European space was to become one of the main directions of the community's effort from the early 1960s. The contributions of this volume intend to throw a first light on this story, relying on a completely unpublished documentation and on the testimony of many protagonists involved in the construction of this unique continental and ecumenical network.

Seeking Transcendence Joseph C. Manzella, 2025-06-23 *Seeking Transcendence* examines the various paths taken by those who have detached themselves from their traditional institutional religious roots but are seeking non-traditional paths to spiritual experiences. Called the nones or non-affiliated in popular mass media, these include a significant number of Western folks who maintain a belief in God or at least consider themselves spiritual but not religious. Each chapter of the book explores these trends with a specific theme as well as a case study based on the author's ethnographic observation of alternative spiritual communities and practices in North America and Western Europe. Ultimately, this book shows how contemporary alternatives to traditional institutional

religion appeal to none presenting the relevance of new religious movements and more secular spiritual paths to transcendence
