## **Two Russian Thinkers:**

Russian Thinkers Isaiah Berlin,1994 The theme that links the essays in this book written over 30 years is the phenomenon of the Russian intelligentsia which Isaiah Berlin describes as the largest single Russian contribution to social change in the world *Two Russian Thinkers* James C. S. Wernham,1968 **Two Russian Thinkers** James Chrystall Stephen Wernham,1968 Russian Thinkers Isaiah Berlin,2013-03-07 Few if any English language critics have written as perceptively as Isaiah Berlin about Russian thought and culture Russian Thinkers is his unique meditation on the impact that Russia s outstanding writers and philosophers had on its culture In addition to Tolstoy s philosophy of history which he addresses in his most famous essay The Hedgehog and the Fox Berlin considers the social and political circumstances that produced such men as Herzen Bakunin Turgenev Belinsky and others of the Russian intelligentsia who made up as Berlin describes the largest single Russian contribution to social change in the world **Anton Chekhov Through the Eyes of Russian Thinkers** Olga Tabachnikova,2012 The collection is comprised of twelve scholarly essays written by leading Chekhov specialists from around the world each analysing an interpretation of Chekhov by one of three Russian thinkers of the Silver Age of Russian culture Vasilii Rozanov Dmitrii Merezhkovskii and Lev Shestov It thus examines the hitherto under researched relationship between the origins and the results of the cultural phase that came to be known as the Silver Age and focuses specifically on the complex connections between Chekhov s legacy and the Russian culture of that period *Two Russian Liberals* Darrell P. Hammer,1962 **Political Ideologies in Contemporary Russia** Elena Chebankova,2020-11-18 In the realm of political discourse there is a distinct gap in understanding between Russia and the West To an outsider the ideas that animate the actions of Russia s ruling elite opposition and civil society from the motivations driving Russia s political actors to the class structure and international and domestic constraints that shape Russia s political thinking remain shrouded in mystery Contrary to the view that a bleak discursive uniformity reigns in Vladimir Putin s Russia *Political Ideologies in Contemporary Russia* shows that the country is engaging in serious theoretical debates across a wide spectrum of modern ideologies including liberalism nationalism feminism and multiculturalism Elena Chebankova argues that the nation is fragmented and the state seeks to balance the various ideological movements to ensure that none dominates She shows that each of the main ideological trends is far from uniform but the major opposition is between liberalism and traditionalism The pluralistic picture she describes contests many current portrayals of Russia as an authoritarian or even totalitarian state Offering an alternative to the Western lens through which to view global politics *Political Ideologies in Contemporary Russia* is a major contribution to our understanding of this world power **The Complete Works** graf Leo Tolstoy,1904 **Russian Thinkers** Andreï Vladimirovich Anikin,1988 *The Complete Works of Count Tolstoy ...* graf Leo Tolstoy,1904 *Works* graf Leo Tolstoy,1886 **The Journal of Leo Tolstoi: 1895-1899** graf Leo Tolstoy,1917 The ultimate meaning of the Russian Revolution which took place in March 1917 can be best understood

through the pages of the Journal of Leo Tolstoi which is here printed The spiritual qualities which make up the mind and personality of Tolstoi are the spiritual qualities which make up the new era among men which is being waged so painfully and so uncompromisingly at the present moment on the soil of Russia One holds the key to the other for no land but Russia could have produced a Tolstoi and in no land but Russia could Tolstoi have been so embraced and so absorbed They are both flesh of each other s flesh and I place them equally in greatness against each other Great and wonderful as is the Russian people so Tolstoi was as great and wonderful as the Russian people I say this knowing well the pain and impatience both felt for each other in the long eighty two years of Tolstoi s life here but it was the pain and the impatience of great love and infinite understanding of feeling and knowing each other s pulse beats and not the misunderstanding of strangers *The Complete Works of Count Tolstoy: What shall we do then? On the Moscow census. Collected articles* graf Leo Tolstoy,1904 **The Complete Works of Count Tolstoy: What shall we do then? On the Moscow census.
