Two Wrongs:

Critical Thinking and Logic: A Philosophical Workbook - 2nd edition Todd M. Furman, 2023-07-13 An inexpensive but comprehensive introduction now in its second edition Examples and homework problems touch on philosophical issues much more so than standard texts providing instructors an opportunity to ease into philosophical discussions as desired and piquing student interest Homework assignments are on tear out pages for ease of use While Critical Thinking and Logic A Philosophical Workbook covers standard issues of critical thinking such as argument types and fallacies it also provides a solid foundation for an advanced course in formal logic The final chapter includes a complete translation of Descartes s Meditations allowing students to put their newly acquired skills to work on a classic work of philosophy You've Got To Be Kidding! John Capps, Donald Capps, 2011-09-13 You ve Got to Be Kidding How Jokes Can Help You Think is a thoughtful and accessible analysis of the ways in which jokes illustrate how we think critically and how the thinking process goes awry in everyday human situations Uses jokes to illustrate the various mistakes or fallacies that are typically identified and discussed in courses on critical reasoning Provides an effective way to learn critical thinking skills since jokes often describe real life situations where it really matters whether a person thinks well or not Demonstrates how philosophy is actually very practical and clearly related to real life human experiences Explains how developing good reasoning habits can make a real difference in all aspects of one s life **Good Reasoning Matters!** Leo Groarke, Christopher W. Tindale, Linda Carozza, 2025-10-03 Good Reasoning Matters teaches students how to decipher evaluate analyze construct and engage in argument This sixth edition incorporates many timely topics including the impact of artificial intelligence and social media on how we propose and respond to arguments The instruction in the book is rooted in traditional philosophical understandings of argument but is expanded to account for the complexities that characterize real life arguments This includes an examination of the role that images sounds and other non verbal components play in attempts to convince us of some point of view in advertising television YouTube film interpersonal exchange and elsewhere Numerous and varied exercises formative within the chapters and summative at their end help students improve their reading reasoning and writing skills Instructors will find the text is informed by research in digital pedagogy and works well in a variety of course formats in person remote hybrid and synchronous or asynchronous delivery The authors expertise in argumentation theory and decades of teaching experience ensure that this book prepares students for the complexities of arguing in the 21st century **Critical Thinking and Logic** Todd M.
