Emma Harrison

Two Pipers:

A Tale of Two Pipers Emma Harrison, 2004 Pipers a major stress case When an innocent wish creates two Pipers it seems the problem solved two Pipers can do twice as much work But when Darklighters kidnap Leo both Pipers are powerless Original

The Highland Bagpipe Dr Joshua Dickson, 2013-02-28 The Highland bagpipe widely considered Scotland's national instrument is one of the most recognized icons of traditional music in the world It is also among the least understood But Scottish bagpipe music and tradition particularly but not exclusively the Highland bagpipe has enjoyed an unprecedented surge in public visibility and scholarly attention since the 1990s A greater interest in the emic led to a diverse picture of the meaning and musical iconicism of the bagpipe in communities in Scotland and throughout the Scottish diaspora This interest has led to the consideration of both the globalization of Highland piping and piping as rooted in local culture It has given rise to a reappraisal of sources which have hitherto formed the backbone of long standing historical and performative assumptions And revivalist research which reassesses Highland piping's cultural position relative to other Scottish piping traditions such as that of the Lowlands and Borders today effectively challenges the notion of the Highland bagpipe as Scotland's national instrument The Highland Bagpipe provides an unprecedented insight into the current state of Scottish piping studies The contributors from Scotland England Canada and the United States discuss the bagpipe in oral and written history anthropology ethnography musicology material culture and modal aesthetics The book will appeal to ethnomusicologists anthropologists as well as those interested in international bagpipe studies and traditions

Techno-Magism Orrin N. C. Wang, 2022-01-04 Shortlisted Marilyn Gaull Book Award Techno Magism explores how British Romantic literature abuts and is organized around both print and non print media The book explores not only the print pictorial art and theater of early nineteenth century England and Europe but also communicative technologies invented after the British Romantic period such as photography film video and digital screens This proleptic abutting points to one way we can understand the implicit exceptionality wagered by reading Romanticism through media studies and media theory Techno Magism argues that both media studies and the concept of mediation in general can benefit from a more robust confrontation with or recovery of the arguments of deconstruction an unavoidable consequence of thinking about the relationship between Romanticism and media The book thinks that relationship through the catachrestic practice of a techno magism a technics of inscription always outside the causalities of a dialectical economy The book further pursues two interrelated ideas the structural incommensurability of the cut and the unapologetic presentism of the constellation Marked by its late capitalist moment of composition the book explores the continuity between the social character of Romantic and post Romantic media in terms of commodity culture revolution and the ecological devastation of the anthropocene
