

# They don't brake for nuthin'!

A hard-riding, full-throttle biker movie that fits on your shelves right next to *Easy Rider*, *Born Losers* and *Electra Glide in Blue*.

The Warlords from Hell are a no-holds-barred motorcycle gang that makes Hell's Angels seem like wimps. In between blooding, drugging and taking they take time out to reap fortunes from their south-of-the-border drug crop harvested by terrorized human captives. But when Hal and Korb, two Gringo dirt-bikers, inadvertently cross into Warlord territory and are taken prisoner, something's gotta hit the fan. And something does when these Gaudin escape and lead the Warlords on the roughest, scariest, dirt-bike chase ever seen on either side of the border.

Ike Udogu, 2010-02-19 Confronting the Challenges and Prospects in the Creation of a Union of African States in the 21st Century frames the discourse around the important issue of African unification against the

backdrop of the region's political and economic marginalization. Arguably the richest continent in the world in terms of its abundant untapped natural resources and human capital, it still lags behind the other regions of the world developmentally. Undeniably, Africa is at the crossroads in this millennium within the context of the powerful events and effects of the New Globalization. One of the central issues that academics and political actors interested in African development must tackle immediately is how to make the region politically and economically relevant in global affairs. These objectives could be attained through continental amalgamation. Accordingly, this book debates and suggests *inter alia* strategies that might advance Africa's unification effort in order to provide the politico-economic clout needed to spur continental development. Further, it argues that such a Union of African States is critical for promoting the good political life for all Africans. **DVD & Video Guide 2005** Mick Martin, Marsha Porter, 2004.
