Wartime Cd:

A Family in Wartime Maureen Waller, 2012-06-11 During the Second World War the fabric of family life radically changed Men left to join the front line some never to return Women entered the workforce on a scale not seen before some to join the services others to enter the factories Mothers were separated from their children or raised them in the absence of fathers The Allpresses were an ordinary London family from Stockwell Through their experiences this book tells the story of what it was like to live in those extraordinary times What shines through the first hand descriptions of the family members and other voices from the Home Front is their dedication to duty and fortitude in the face of aerial bombardment as well as the family's desire to remain together through thick and thin despite the disruptions The book paints a vivid description of how London prepared for and responded to war from the organisation of Civil Defence and the evacuation of thousands of children to caring for and re housing those who were bombed out of their homes Food and clothes rationing popular entertainment and the wartime campaigns are all discussed with evocative period photographs posters and documents to illustrate the realities of life in a war zone and capture the spirit of the times

A Good War Seth Klein, 2020-09-01 This is the roadmap out of climate crisis that Canadians have been waiting for Naomi Klein activist and New York Times bestselling author of *This Changes Everything* and *The Shock Doctrine* One of Canada's top policy analysts provides the first full scale blueprint for meeting our climate change commitments Contains the results of a national poll on Canadians attitudes to the climate crisis Shows that radical transformative climate action can be done while producing jobs and reducing inequality as we retool how we live and work Deeply researched and targeted specifically to Canada and Canadians while providing a model that other countries could follow Canada needs to reduce its greenhouse gas emissions by 50% to prevent a catastrophic 1.5 degree increase in the earth's average temperature assumed by many scientists to be a critical danger line for the planet and human life as we know it It's 2020 and Canada is not on track to meet our targets To do so we'll need radical systemic change to how we live and work and fast How can we ever achieve this Top policy analyst and author Seth Klein reveals we can do it now because we've done it before During the Second World War Canadian citizens and government remade the economy by retooling factories transforming their workforce and making the war effort a common cause for all Canadians to contribute to Klein demonstrates how wartime thinking and community efforts can be repurposed today for Canada's own Green New Deal He shares how we can create jobs and reduce inequality while tackling our climate obligations for a climate neutral or even climate zero future From enlisting broad public support for new economic models to job creation through investment in green infrastructure Klein shows us a bold practical policy plan for Canada's sustainable future More than this *A Good War* offers a remarkably hopeful message for how we can meet the defining challenge of our lives COVID 19 has brought a previously unthinkable pace of change to the world one which demonstrates our ability to adapt rapidly when we're at risk

Many recent changes are what Klein proposes in these very pages The world can actually turn on a dime if necessary This is the blueprint for how to do it

Give Me Shelter Andrew Paul Burtch,2012 How could you and your family survive a nuclear war From 1945 onwards the Canadian government developed civil defence plans and encouraged citizens to join local survival corps By the time of the Cuban Missile Crisis the civil defence program was widely mocked and the public was still vastly unprepared for nuclear war An expos of the challenges of educating the public on the threat of nuclear annihilation Give Me Shelter provides a well grounded explanation of why Canada s civil defence strategy ultimately failed It is essential reading for anyone interested in Canada s Cold War home front

Ida B. Wells-Barnett and American Reform, 1880-1930 Patricia A. Schechter,2003-01-14 Pioneering African American journalist Ida B Wells Barnett 1862 1931 is widely remembered for her courageous antilynching crusade in the 1890s the full range of her struggles against injustice is not as well known With this book Patricia Schechter restores Wells Barnett to her central if embattled place in the early reform movements for civil rights women s suffrage and Progressivism in the United States and abroad Schechter s comprehensive treatment makes vivid the scope of Wells Barnett s contributions and examines why the political philosophy and leadership of this extraordinary activist eventually became marginalized Though forced into the shadow of black male leaders such as W E B Du Bois and Booker T Washington and misunderstood and then ignored by white women reformers such as Frances E Willard and Jane Addams Wells Barnett nevertheless successfully enacted a religiously inspired female centered and intensely political vision of social betterment and empowerment for African American communities throughout her adult years By analyzing her ideas and activism in fresh sharpness and detail Schechter exposes the promise and limits of social change by and for black women during an especially violent yet hopeful era in U S history
