## **Spitfire Command:**

**Spitfire Command** Bobby Oxspring, 1987-08-01      *Spitfire* Leo McKinstry, 2010-10-14 In June 1940 the German Army had brought the rest of Europe to its knees Hitler knows that he will have to break us in this island or lose the war If we can stand up to him all Europe may be free and the life of the world will move forward into broad sunlit uplands said Churchill The future of Europe depended on Britain A self confident Herman Goring thought that it would be only a matter of weeks before his planes had forced Britain to surrender The courage resourcefulness and brilliant organisation of the RAF were to prove him wrong By late September 1940 the RAF had proved invincible thanks to the Vickers Supermarine Spitfire It exceeded anything that any other air force possessed RJ Mitchell a shy and almost painfully modest engineer was the genius behind the Spitfire On the 5th March 1936 following its successful maiden flight a legend was born Prize winning historian Leo McKinstry s vivid history of the Spitfire brings together a rich cast of characters and first hand testimonies It is a tale full of drama and heroism of glory and tragedy with the main protagonist the remarkable plane that played a crucial role in saving Britain      [Spitfire Pilot Air Commodore Geoffrey Stephenson](#) John Shields, 2024-11-30 Under cloudless blue skies the Oakwood Cemetery Annex in Montgomery Alabama hosts the largest Commonwealth War Graves Commission cemetery in the United States Most of the graves contain young RAF trainee pilots killed during their flying training at nearby Maxwell and Gunter airfields during the Second World War However there is another grave located at the edge of the plot not from the early 1940s but from 1954 The grave marks the final resting place of a 44 year old senior RAF officer Air Commodore Geoffrey Stephenson CBE It begs the questions who was he and why is he buried there This book sets out to answer both these questions As a result this is the remarkable story of not only Stephenson s life but the people planes and places that would leave an indelible mark on a seasoned fighter pilot After growing up in Lincolnshire and Ireland 18 year old Stephenson joined the RAF in 1928 alongside Douglas Bader who would become a life long friend After leaving Cranwell the pair both joined 23 Squadron In the 1930s Stephenson rose through the ranks to command 19 Squadron a Duxford based Spitfire unit that would see his baptism of fire over Dunkirk in late May 1940 Following the downing of a Junkers Ju 87 Stuka Stephenson was himself shot down and crash landed on the beach at Sangatte After a brief period on the run in France and Belgium Stephenson was taken into captivity spending the next five years as a prisoner of war ending up at the iconic Colditz Castle where ironically he was reunited with his old friend Bader Upon his release in April 1945 Stephenson quickly resumed his RAF career commanding instructing and flying the latest jet fighters both at home and overseas He was aide de camp to two monarchs including escorting a young Queen Elizabeth II during her 1953 Coronation Review However his already eventful career would take a tragic turn In 1954 Stephenson flew to the United States to review their latest acquisitions which included a flight in the supersonic F 100 Super Sabre It would be his last flight Nevertheless Stephenson s legacy lives on at his former base at Duxford in the guise of the Imperial War Museum s immaculately restored Spitfire Mk I N3200 This

was the very aircraft in which he force landed on 26 May 1940 Recovered from the French beach N3200 was painstakingly rebuilt and returned to flying condition Today N3200 is often referred to as a National Treasure This is the biography of a remarkable pilot husband and father revealing the planes he flew the places he visited and the incredible people he met along the way

**Story of the Spitfire** Ken Delve,2025-01-30 An in depth exploration of the Spitfire s combat legacy pilot tactics and its enduring iconic status To many people the Supermarine Spitfire was Britain s saviour during the Battle of Britain and the embodiment of air combat during the Second World War The Story of the Spitfire presents a thrilling appraisal of this unique aircraft focusing on its fighting capability and the tactics of the pilots who flew it Using official evaluations and reports alongside technical and tactical developments plus the recollections of Spitfire pilots Ken Delve provides a fascinating insight into the combat career of this legendary aircraft Despite some problems with their new aircraft the Fighter Command pilots of 1938 were generally delighted with the Spitfire speed manoeuvrability and firepower were all far greater than they had been with the earlier biplanes In tactics and training the RAF was outdated but it adapted quickly and the air battles over Britain in late 1940 forged the Spitfire legend How justified was the legend There were only nineteen Spitfire squadrons in Fighter Command during the Battle of Britain it was only later as the RAF turned to the offensive that the number of Spitfire units increased dramatically At certain times the combat initiative was lost to improved Messerschmitt Bf 109s and Focke Wulf Fw 190s but with increased performance and better training the Spitfire clawed back the advantage By 1944 the Spitfire was operating as a fighter bomber in various theatres of war with new tactics and new problems Many fighter pilots thought that having bombs strapped under the aircraft verged on an insult but with aerial targets in short supply this was the most effective if risky way of taking the war to the enemy After the war the Spitfire saw action right up to 1948 in the Arab Israeli War Today there are approximately seventy airworthy Spitfires in existence and R J Mitchell s remarkable aircraft is still the highlight of flying displays around the world

[Darwin Spitfires](#) Anthony Cooper,2013-10-23 The Japanese air raids on Darwin on 19 February 1942 are well known to most Australians although not perhaps to the rest of the world What happened afterwards however remains unknown to many This publication attempts to illuminate this little known period of war history charting the exploits losses and successes of the RAF s No 1 Fighter Wing and the contribution they made to the allied war effort The stalwart Spitfire is celebrated in a narrative that is sure to appeal widely For almost two years the airspace over North West Australia was routinely penetrated by Japanese raids tallying about 70 in total The 1942 43 air raids on Darwin constituted the only sustained and intensive direct assault on Australian mainland territory in the whole of World War II and the whole history of post 1788 Australia yet surprisingly most Australians have no idea that it ever happened And the rest of the world are yet more so in the dark Telling the story of the RAF S No 1 Fighter Wing composed of both Australian and British Spitfire pilots Darwin Spitfires explores the little known 1943 season of air combat over the top end recovering important aspects of Australian history It brings to the attention of the world the heroic exploits

of the skilled pilots who did so much to protect Australia and support the Allied effort This important publication attempts to celebrate and commemorate the spirit of solidarity that characterized the experiences of No 1 Fighter Wing As featured in Aeroplane Monthly

**Spitfire Dive-Bombers Versus the V2** Bill Simpson,2007-10 Air Marshal Roderic Hill countered the V2 threat by using six squadrons of Spitfires from 12 Group bases in Norfolk to discover and then dive bomb the mobile V2 launch sites which were scattered throughout the Dutch towns and countryside This was no easy task as the missiles were well camouflaged and often positioned adjacent to dwellings occupied by civilians
