The Complete Pyramid Sourcebook:

The Complete Pyramid Sourcebook John DeSalvo,2003-12 This is the the ultimate reader and sourcebook about the Great Pyramid of Giza and current Pyramid Research Go on the most extensive photo tour of the Great Pyramid and read about the latest discoveries and findings See exclusive photos of the large pyramids built in the former Soviet Union and about the research carried out in them Learn about the New Scientific Breakthroughs in Pyramid Research and incredible Hyperspace experiments Read about the major theories on the Great Pyramid of Giza Read the description of the Great Pyramid from the first scientific book ever published on it by John Greaves in 1646 Included are articles and book excerpts from the worlds top pyramid researchers John Anthony West Patrick Flanagan Robert Bauval Christopher Dunn Stephen Mehler Ian Lawton Paul Horn and others Also a comprehensive Who s Who in the Great Pyramid of Giza Research Association and one of the most extensive bibliographies ever printed on the Great Pyramid [Pyramid Quest](#) Robert M. Schoch,Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings *The Giza Death Star Destroyed* Joseph P.
