Small Things Big:

Celestial Messages: Conversation with Original Nature Suroso Mun,2012-08-01 Everything in this world is born out of the same root and has a similar origin Though things look all different they are actually the same like the leaves on the left and those on the right If you always look at things with a humble mind and examine them closely you will get to know that there is nothing irrelevant to the Universe Begin every day with gratitude and end every day with gratitude and lead a pleasant and leisurely life Your life is the only thing that you can create The life that you create changes you and your change will change you even more Thus how can you live your life unpleasantly **Is There a God?** Trung Nguyen,2015-09-29 Is there a god This question has haunted our ancestors since time immemorial It still haunts billions of people today in every corner of the Earth However the god question has always been Whose god Religion is an ingrained part of modern life It is pervasive in business politics and war But is religion necessary for a civil society Or is religion the linchpin of a divided society Take a stroll through history to determine if it is possible that any human conceived god ever existed Then decide if a supreme being is responsible for the physical psychological and spiritual worlds The truth shall set your mind free
