The Stone Harp John Haines,1971-01-01 **Romano-British Settlement and Cemeteries at Mucking** Sam

Lucy,Christopher Evans,2016-11-30 Excavations at Mucking Essex between 1965 and 1978 revealed extensive evidence for a multiphase rural Romano British settlement perhaps an estate center and five associated cemetery areas 170 burials with different burial areas reserved for different groups within the settlement The settlement demonstrated clear continuity from the preceding Iron Age occupation with unbroken sequences of artefacts and enclosures through the first century AD followed by rapid and extensive remodeling which included the laying out a Central Enclosure and an organized water supply with wells accompanied by the start of large scale pottery production After the mid second century AD the Central Enclosure was largely abandoned and settlement shifted its focus more to the Southern Enclosure system with a gradual decline though the 3rd and 4th centuries although continued burial pottery and artefactual deposition indicate that a form of settlement continued possibly with some low level pottery production Some of the latest Roman pottery was strongly associated with the earliest Anglo Saxon style pottery suggesting the existence of a terminal Roman settlement phase that essentially involved an Anglo Saxon community Given recent revisions of the chronology for the early Anglo Saxon period this casts an intriguing light on the transition with radical implications for understandings of this period Each of the cemetery areas was in use for a considerable length of time Taken as a whole Mucking was very much a component place complex it was its respective parts that fostered its many cemeteries whose diverse rites reflect the variability and roles of the settlement s evidently varied inhabitants

Placing John Haines James Perrin Warren,2017-02-15 John Haines arrived in Alaska fresh out of the Navy in 1947 and established a homestead seventy miles southeast of Fairbanks He stayed there nearly twenty five years learning to live off the country hunting trapping fishing gathering berries and growing vegetables Those years formed him as a writer the interior of Alaska and especially its boreal forest marking his poetry and prose and helping him find his unique voice Placing John Haines the first book length study of his work tells the story of those years but also of his later itinerant life as his success as a writer led him to hold fellowships and teach at universities across the country James Perrin Warren draws out the contradictions inherent in that biography that this poet so indelibly associated with place and authentic belonging spent decades in motion and also sets Haines s work in the context of contemporaries like Robert Bly Donald Hall and his close friend Wendell Berry The resulting portrait shows us a poet who was regularly reinventing himself and thereby generating creative tension that fueled his unforgettable work A major study of a sadly neglected master Placing John Haines puts his achievement in compelling context *The Stone Harp* Suzanne Dekeyzer James,2011-01-31 Readers' Guide to
