## **Two Cities Two Loves:**

*Two Cities, Two Loves* James Montgomery Boice, 2024 Christians belong to God's kingdom but live in earthly realms that pursue different loves and priorities Boice highlights the dangers we face while offering practical biblical wisdom for our sojourn

[Two Kingdoms and Two Cities](#) Robert C. Crouse, 2017-07-15 The recent emergence of two kingdoms and two cities approaches to Christian social thinking are shown to have a key and often unacknowledged connection to Luther's reshaping of the Augustinian paradigm The project works for a better understanding of Luther's own thought to help understand the convergences and divergences of Christian political theology in the twentieth century and today In particular Luther's two kingdom thinking issued forth in a strong distinction of law and gospel that was also worked out in twofold pairs of Israel and church general and special revelation creation and redemption and especially the outward and inward life The work traces this legacy through acceptance and modification by Niebuhr and Bonhoeffer Lutheran and Catholic neoconservatives Reformed two kingdom proponents Augustinian liberals and finally Oliver O Donovan The conclusion reflects on both the historical narrative and its connection to an account of modern liberalism as well as a theological reflection on hermeneutical decisions of the twoness of Christian theology

**Shapers of Christian Orthodoxy** Bradley G. Green, 2010-10-05 The purpose of this volume is threefold to introduce a selection of key early and medieval theologians to strengthen the faith of evangelical Christians by helping them to understand the riches of the church's theological reflection and to help them learn how to think theologically From publisher description

**On Education, Formation, Citizenship and the Lost Purpose of Learning** Joseph Clair, 2017-11-30 Reading Augustine presents concise personal readings of St Augustine of Hippo from leading philosophers and religion scholars The looming crisis in higher education appears to be a matter of soaring costs and crushing student debt but the problem is actually much deeper It is a crisis of soul a question of the very purpose of learning and the type of people that our educational system produces Today in the age of academic hyper specialization and professional knowledge the moral and spiritual purposes of learning have been eclipsed by a shallow view of career and success On Education Formation Citizenship and the Lost Purpose of Learning turns to the influential figure Augustine of Hippo to explore how he saved the liberal arts at the end of the Roman Empire and how his inspiring vision can do the same for higher education today It offers a roadmap for reviving the soul of education presenting concrete ways that the intellectual practices and economic enterprise of learning can lead once more to a fulfilled life of knowing God and loving others

*A Tale of Three Cities* D. K. Matthews, 2024-08-20 A central question for Judeo Christian faithful is Are we living in the age of antichristism or kingdom influence Can we salt and light entire cities and civilizations as Martin Luther King Jr hoped or with D L Moody should we simply save as many as we can from our rapidly sinking planet Over the years Christians have wrestled with the question and reached different conclusions Augustine's and Oliver O Donovan's answer to the question birthed *The City of God* and *The Desire of Nations* Miguez Bonino's and Grace Ji Sun Kim's Marxist influenced

liberationist answers produced Toward a Christian Political Ethics and the post truth Intersectional Theology Former socialist Michael Novak s plea was to revive The True Spirit of Democratic Capitalism Jonathan Cahn and Frank Peretti by contrast predicted that we have entered the age of This Present Darkness amidst The Return of the Gods Peretti s and Cahn s wildly popular future visions built upon Hal Lindsey s dated assurance and false prediction that true believers would be raptured in the last decade of The Terminal Generation 1980s Douglas Matthews offers a new route through the maze and discerningly answers this perennial question by boldly offering a Third City future vision option for effective kingdom influence amidst accelerating global antichristism
