Two Points For Murder:

Two Points to Murder , **Two Points to Murder** Carolyn Keene,1989 Nancy searches for the practical joker who is stalking the Emerson College basketball team before the team blows its chance for the playoffs **Deadly Doubles ; Two Points to Murder** Carolyn Keene,1987 *Two Points for Murder* D. B. Borton,1993 Hired to locate a lost kitten private eye in training Cat Caliban discovers the missing feline and a notebook belonging to the high school basketball hero who was gunned down mysteriously *Two Points for Murder* Carolyn Keene,1987-02-01 Nancy is faced with the problem of her main suspect who is terrorizing the basketball team is Ned s best friend Nancy Drew Files 8 Scenes Of Murder Winston Ramsey,2012-02-28 In this book After the Battle have explored entirely new ground to investigate 150 years of murder and present it through our then and now theme of comparison photographs Scene of crime plans and photographs from police files focus on a wide variety of murders committed between 1812 when a Prime Minister was shot in the House of Commons to killings on the streets of London in the 1960s Far too often it is the perpetrator who is remembered while their victims many lying in unmarked graves remain lost to history So this book sets out to redress the balance by tracking down the last resting places even going as far as to mark two wartime graves of taxi drivers killed by American servicemen Homicide is not a subject for the faint hearted and many of the photographs are distressing which is why the book is made available with that warning *A Dictionary of Islam* Thomas Patrick Hughes,1895 **Trial of Nirmalkanta Roy: Second trial** Nirmal Kanta Roy,1922 **Punishment and Freedom** Devora Steinmetz,2008-06-10 Punishment and Freedom offers a fresh look at classical rabbinic texts about criminal law from the perspective of legal and moral philosophy arguing that the Rabbis constructed an extreme positivist view of law that is based in divine command and that is related to the rabbinic notion of human freedom and responsibility *Pennsylvania State Reports Containing Cases Decided by the Supreme Court of Pennsylvania* Pennsylvania. Supreme Court,1912 *A Treatise on the Law of Homicide in the United States* Francis Wharton,1855 *Criminal Liability for Non-Aggressive Death* Sally Cunningham,2016-05-13 The crime of manslaughter exists as a catch all offence to punish those who are blameworthy in causing the death of another but whose culpability falls short of that required for murder Manslaughter is an extremely broad offence and it has a difficult task in ensuring that all those who warrant punishment for non aggressive deaths are convicted Simultaneously it should not be too broad in covering those who do not warrant punishment for such deaths There is little consistency in whether a particular dangerous activity leads to liability for a specific offence or for the generic offence of manslaughter when death is caused This book examines the current law and includes a variety of perspectives on the subject with chapters on specific modes of killing as well as issues that permeate all areas The first half of the book deals with issues such as how any special offences for non aggressive death should relate to a hierarchy of homicide offences The second half deals with issues specific to different activities which may or may not justify the creation of specific homicide offences The book includes a comparative chapter on Australian law
