The Two Rosetos:

The Two Rosetos Carla Bianco, 1974 **The Two Rosetos** Carla Bianco, 1974 *The Roseto Story* John G. Bruhn, Stewart Wolf, 2013-04-17 Roseto is a small Italian American community in east central Pennsylvania This fifteen year study drawing on medical histories physical examinations and laboratory tests compared a large sample of Rosetans to inhabitants of two neighboring communities Bangor and Nazareth and followed up this research with a sociological study of the three communities Despite a greater prevalence of obesity in Roseto and despite similar dietary smoking and exercise habits and similar ethnic and genetic background the inhabitants of Roseto were relatively immune to heart disease at the beginning of the research in 1963 They were also strikingly tenacious in adhering to Old World values and customs When these traditional values and relationship were abandoned by the rising generation the death rate from heart disease climbed toward the American norm The study concluded that unconditional interpersonal support counteracts life stress and thus preserves life Italian-American Folklore Frances M. Malpezzi, William M. Clements, 1992 Italian Americans compose one of the largest ethnic groups in the United States numbering more than 14 million in the 1990 census Though they have often been portrayed in fiction and film these images are often based on stereotypes not borne out among the immigrant and assimilated population **America in Italian Culture** Guido Bonsaver, 2024-02-10 When Italy unified in 1861 America was emerging as a world power and advances in communication allowed Italians a view of American life to which they could aspire America in Italian Culture traces this huge cultural shift looking at how US fiction comics music and film came to dominate Italian culture even as the countries went to war Daughters of Italy Anne T. Romano Ph.D., 2010-08-12 There is no available information at this time *A Singing Ambivalence* Victor R. Greene, 2004 *A Singing Ambivalence* undertakes a comprehensive examination of the ways in which nine immigrant groups Irish Germans Scandinavians Eastern European Jews Italians Poles Hungarians Chinese and Mexicans responded to their new lives in the United States through music Each group s songs reveal an abiding concern over leaving their loved ones and homeland and an anxiety about adjusting to the new society But accompanying these feelings was an excitement about the possibilities of becoming wealthy and about looking forward to a democratic and free society known and unknown origins that comment on the problems immigrants faced and reveals the wide range of responses they made to the radical changes in their new lives in America His selection of lyrics provides useful capsules of expression that clarify the ways in which immigrants defined themselves and staked out their claims for acceptance in American society But whatever their common and specific themes they reveal an ambivalence over their coming to America and a pessimism about achieving their goals the United States while at the same time conveying from an aesthetic viewpoint how immigrants expressed their hopes and difficulties through a unique medium song This is an important volume that will be welcomed by scholars of music and U S immigration history **The Two Madonnas** Sabina Magliocco, 2006 Portrayed by early travel writers as ancient pagan survivals festivals in Sardinia have

long fascinated both native islanders and outsiders But at the dawn of the twenty first century this Mediterranean island has become part of a global economy and its festivals attract tourists from around the world This detailed ethnography explores the effects of globalization on two Sardinian festivals over the course of the twentieth century reflecting the double pull of tradition and modernity on the popular imagination and their sometimes devastating effects on local cultures It vividly and insightfully describes the continuing struggles of community members to shape and control these important expressions of local identity as they strive to create a space for themselves in the margins of Europe BOOK JACKET *American Studies* Jack Salzman,1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 *American Ethnic Groups, the European Heritage* Francesco Cordasco,David Nelson Alloway,1981 No descriptive material is available for this title *The Policelli Family of Roseto* ,1998 Giuseppe Joseph Policelli was born in Roseto Italy in 1860 He came to America about 1883 He married Anna Antonia Ruggiero in 1891 They were the parents of fifteen children twelve of whom lived to adulthood Information on his life his ancestry and his descendant is given in this volume Joseph appeared to have lived in Virginia and New York before settling in Pennsylvania Today family members live in Pennsylvania New Jersey Florida Utah and elsewhere
