Stuart Hall's Voice David Scott, 2017-03-18 *Stuart Hall's Voice* explores the ethos of style that characterized Stuart Hall's intellectual vocation David Scott frames the book which he wrote as a series of letters to Hall in the wake of his death as an evocation of friendship understood as the moral and intellectual medium in which his dialogical hermeneutic relationship with Hall's work unfolded In this respect the book asks what do we owe intellectually to the work of those whom we know well admire and honor Reflecting one of the lessons of Hall's style the book responds what we owe should be conceived less in terms of criticism than in terms of listening Hall's intellectual life was animated by voice in literal

and extended senses not only was his voice distinctive in the materiality of its sound but his thinking and writing were fundamentally shaped by a dialogical and reciprocal practice of speaking and listening Voice Scott suggests is the central axis of the ethos of Hall's style Against the backdrop of the consideration of the voice's aspects Scott specifically engages Hall's relationship to the concepts of contingency and identity concepts that were dimensions less of a method as such than of an attuned and responsive attitude to the world This attitude moreover constituted an ethical orientation of Hall's that should be thought of as a special kind of generosity namely a receptive generosity a generosity oriented as much around giving as receiving as much around listening as speaking

Stuart Hall James Procter, 2004-06-01 James Procter's introduction places Hall's work within its historical contexts providing a clear guide to his key ideas and influences as well as to his critics and his intellectual legacy Stuart Hall has been pivotal to the development of cultural studies during the past forty years Whether as director of the Centre for Contemporary Cultural Studies or as one of the leading public intellectuals of the postwar period he has helped transform our understanding of culture as both a theoretical category and a political practice Topics include popular culture and youth subcultures the CCCS and cultural studies media and communication racism and resistance postmodernism and the postcolonial Thatcherism identity ethnicity diaspora Stuart Hall is the ideal gateway to the work of a critic described by Terry Eagleton as a walking chronicle of everything from the New Left to New Times Leavis to Lyotard Aldermaston to ethnicity

Stuart Hall Stuart Hall,David Morley,Kuan-Hsing Chen,1996 A collection of writings by and about Stuart Hall

Selected Political Writings Stuart Hall,2017 In one sense of course all of Stuart Hall s writing was political but this collection focuses on the essays he wrote throughout his life that directly engaged with the political issues of the day From the beginning his analyses focused strongly on the central role of culture in politics and his insights are evident across the whole selection whether he is writing about Thatcher s authoritarianism or the double shuffles of Tony Blair These essays come from three broad periods the 1950s and 1960s when Hall was involved in the New Left the 1970s and 1980s when he evolved his critique of Thatcherism and from the 1990s until the end of his life when he focused on the emergence of neoliberalism The editors have brought together the best and most representative works of a writer with a unique and conjunctural approach to understanding politics and have collected those works that have a general application to broader political questions The collection is therefore valuable for readers interested in the politics of the past sixty years in specific political questions such as around political commitment or the politics of empire and specific political moments such as the Cuban Crisis or the actions of New Labour But Hall s engaging writing and the connections here between his more obviously political writing and the other areas of his work including identity politics and race also make the collection an essential resource for those interested in politics more generally

Familiar Stranger Stuart Hall,2017-03-30 Sometimes I feel myself to have been the last colonial This in his own words is the extraordinary story of the life and career of Stuart Hall

how his experiences shaped his intellectual political and theoretical work and how he became one of his age's brightest intellectual lights Growing up in a middle class family in 1930s Kingston Jamaica still then a British colony the young Stuart Hall found himself uncomfortable in his own home He lived among Kingston's stiflingly respectable brown middle class who in their habits and ambitions measured themselves against the white elite As colonial rule was challenged things began to change in Kingston and across the world In 1951 a Rhodes scholarship took Hall across the Atlantic to Oxford University where he met young Jamaicans from all walks of life as well as writers and thinkers from across the Caribbean including V S Naipaul and George Lamming While at Oxford he met Raymond Williams Charles Taylor and other leading intellectuals with whom he helped found the intellectual and political movement known as the New Left With the emotional aftershock of colonialism still pulsing through him Hall faced a new struggle that of building a home a life and an identity in a postwar England so rife with racism that it could barely recognize his humanity With great insight compassion and wit Hall tells the story of his early life taking readers on a journey through the sights smells and streets of 1930s Kingston while reflecting on the thorny politics of 1950s and 1960s Britain Full of passion and wisdom Familiar Stranger is the intellectual memoir of one of our greatest minds

Without Guarantees Stuart Hall, 2000-08-17 Stuart Hall's retirement from the Open University in 1997 provided a unique opportunity to reflect on an academic career which has had the most profound impact on scholarship and teaching in many parts of the world From his early work on the media through his influential reworking of Gramsci for the analysis of Britain in the late 1970s through his considered debates on Thatcherism and more recently on race and new ethnicities Hall has been an inspirational figure for generations of academics He has helped to make universities places where ideas and social commitment can exist alongside each other This collection invites a wide range of academics who have been influenced by Stuart Hall's writing to contribute not a memoir or a eulogy but an engaged piece of social cultural or historical analysis which continues and develops the field of thinking opened up by Hall The topics covered include identity and hybridity history and post colonialism pedagogy and cultural politics space and place globalization and economy modernity and difference
