until finally the work was used and molded by high Renaissance magicians This book as well as other King Solomon books such as the Magical Treatise of King Solomon and the Testament of Solomon were brought back to modern times through the labors of occult practitioners such as S L MacGregor Mathers Aleister Crowley and others around the turn of the last century

Zemlinsky was central to the musical life of Vienna and Central Europe and this brilliant biography illuminates a social and cultural milieu that disappeared forever with the triumph of Hitler's Reich. The author details the composer's early years as a protégé of Brahms and Mahler, his complex friendship with his brother-in-law Arnold Schoenberg, the influence of his teaching on the boy prodigy Erich Korngold, his kindly and helpful attitude toward the hypersensitive Anton Webern, and his heartfelt friendship with Alban Berg. Zemlinsky was one of the leading conductors of the interwar period, considered by both Schoenberg and Stravinsky the finest they had ever heard. The author charts Zemlinsky's career from Vienna to Berlin, St. Petersburg, and Prague, providing insight into his Catholic Sephardic background and investigating his keen interest in esoteric aspects of music, including color symbolism and numerology. The author's analyses of Zemlinsky's major scores are accessible and fully contextualized.
