The Last Jihad Joel C. Rosenberg, 2002 Jon Bennett is a senior White House advisor but nothing has prepared him for the terror that he will face Saddam Hussein dispatches his top hit men to assassinate the President of the United States Iraqi terrorists spread carnage throughout London Paris and Riyadh and the Butcher of Baghdad has a nuclear ace in his hand that he has not yet played

Dead Heat Joel C. Rosenberg, 2012-07-30 Book 5 in the bestselling 5 book thriller series that has sold over 1 2 million copies His novels seem to be ripped from the headlines next year's headlines Washington Times For many adults Joel Rosenberg is the it author right now Inside and outside the Beltway in Washington people are snatching up copies of his almost lifelike terrorist suspense novels CNN Headline News The stage is set for war Oil prices are surging to record highs A new dictator is rising in Iraq China is threatening Taiwan North Korean forces are ready to strike south Israel is feverishly trying to complete the Third Temple And in the midst of a world ready to explode American president James MacPherson's second term is ending The battle to succeed him is heating up into the most fiercely contested presidential election in American history Who will lead a bitterly divided country over the next four years And just what role if any does the US play in history's last days As the presidential campaign narrows to a dead heat the Secret Service learns of a catastrophic terrorist plot to assassinate one of the candidates but which one Whom do they want dead And can US forces stop the terrorists before millions lose their lives From New York Times bestselling novelist Joel C Rosenberg comes an explosive new political thriller released amid the drama of the 2008 presidential campaign and God forbid it should ever come true

The Copper Scroll Joel C. Rosenberg, 2010-09-29 Book 4 in the bestselling 5 book thriller series that has sold over 1 2 million copies In 1956 a scroll was uncovered that shocked the world The world is about to be shocked again On June 1 1956 the New York Times broke a story that captured the imagination of the world Another Dead Sea Scroll had been found unlike any before it describing unimaginable treasures

worth untold billions buried in the hills east of Jerusalem and under the Holy City itself In the years that followed some scholars came to believe the Copper Scroll could be history s greatest treasure map one that could lead to the discovery of the Second Temple treasures and the building of the Third Jewish Temple But the scroll s code has never been broken and experts from all sides warn that any effort by Israel to rebuild their Temple in Jerusalem would undoubtedly unleash a war of biblical proportions Now more than fifty years after the Copper Scroll was unveiled New York Times bestselling author Joel C Rosenberg takes you on his most exciting and heart pounding ride yet Saddam Hussein is gone Yasser Arafat is dead A new Iraq is rising But so too is a new evil and now White House advisors Jon Bennett and Erin McCoy find themselves facing a terrifying new threat triggered by an ancient mystery Culture, Crisis and America's War on Terror Stuart Croft,2006-09-14 Since the infamous events of 9 11 the fear of terrorism and the determination to strike back against it has become a topic of enormous public debate The war on terror discourse has developed not only through American politics but via other channels including the media the church music novels films and television and therefore permeates many aspects of American life Stuart Croft suggests that the process of this production of knowledge has created a very particular form of common sense which shapes relationships jokes and even forms of tattoos Understanding how a social process of crisis can be mapped out and how that process creates assumptions allows policy making in America s war on terror to be examined from new perspectives Using IR approaches together with insights from cultural studies this book develops a dynamic model of crisis which seeks to understand the war on terror as a cultural phenomenon Epicenter 2.0 Joel C. Rosenberg,2012-11-16 In his first groundbreaking nonfiction book now with updated content New York Times best selling author Joel C Rosenberg takes readers on an unforgettable journey through prophecy and current events into the future of Iraq after Saddam Russia after Communism Israel after Arafat and Christianity after radical Islam You won t want to miss Joel s exclusive interviews with Israeli Palestinian and Russian leaders along with previously classified CIA and White House documents New content includes the most up to date information since the hardcover release in 2006 a new poll about American attitudes toward the Middle East and prophecy and transcripts of interviews conducted during the interview process for the Epicenter DVD video **Writing Fundamentalism** Axel Stähler,Klaus Stierstorfer,2009-05-27 Given its discursive amplification and its very real impact on contemporary societies fundamentalism has become the focus of much scholarly attention However whereas it is commonly recognized to be centred on texts the complex and at times paradoxical relationship of fundamentalism with literature remains as yet largely unexplored Based on new research by an international team of scholars working in the fields of literary and cultural studies the essays gathered in this volume are based on a number of theoretical frameworks and debates and open up a historical perspective which engages critically with received notions of fundamentalism by exploring literary representations of fundamentalisms and the function of literature in fundamentalism they enquire into the underlying generic differences and incompatibilities as well as perhaps more

unexpected the similarities and affinities between fundamentalism and literature Opening up a historical perspective reaching back to the early sixteenth century concepts of fundamentalism as a response to exclusively modernist tendencies since the beginning of the twentieth century are challenged in this volume and several contributors begin to explore the rise of fundamentalisms at various points in history characterized by the crisis experience of cultural change While taking this conceptual base as a point of departure the articles collected here then spread out on a plurality of theoretical frameworks Alert to the productive friction between these discourses which it aims to elicit the volume confronts earlier research in the disciplines of theology history of religion sociology political history anthropology and if less copious literary studies with postcolonial and cultural studies With its general focus on writing in English including American and British literatures as well as the new literatures in English worldwide the collection takes into account cultural and historical affinities and differences which have contributed to the ongoing negotiations of fundamentalism and literature in the English language and transcends borders of both nations and academic disciplines In exploring new perspectives on fundamentalism and literature the volume offers tools for a better understanding of this interrelation which should be of interest to scholars across all disciplines concerned with fundamentalism as a social and cultural phenomenon of ever growing global importance and impact

The Ezekiel Option Joel C. Rosenberg, 2010-09-29 Book 3 in the bestselling 5 book thriller series that has sold over 12 million copies If you only read one novel this year this is it *The Ezekiel Option* is brilliantly conceived Like an episode of 24 with a supernatural twist Rush Limbaugh 1 New York Times bestselling author *The Ezekiel Option* is an exciting action packed thriller based on one of the most important end times prophecies Tim LaHaye 1 New York Times bestselling author of the *Left Behind* series His novels seem to be ripped from the headlines next year's headlines Washington Times What if the end is closer than you think Saddam Hussein is gone Yasser Arafat is dead An American president is trying to spread freedom and democracy throughout the Middle East But suddenly new evils loom on the horizon A dictator is rising in Russia Iran is feverishly building nuclear weapons A new Axis of Evil is emerging led by Moscow and Tehran And Jon Bennett and Erin McCoy two senior White House advisors find themselves facing the most chilling question of their lives Is the world rushing to the brink of an apocalypse prophesied more than 2500 years ago

The Influence of the 9/11 novel on Muslim Writing Matthias Dickert, 2017-10-11 Scientific Essay from the year 2017 in the subject Didactics for the subject English Literature Works Johannes Gutenberg University Mainz

language English abstract Since 9 11 many Muslims struggle with their identity and are exposed to xenophobia violence vicious defamation harassment or displacement In short the notion Muslim in relation to that day has become a stigma It is against this background and the post traumatic aftermath of September 11 2001 where many novelists disposing of a Muslim background wrote their novels The logical consequence from this was that Muslim writing as such has become more complex stressing the standpoints of hearer and teller as elements of distortion Interesting though is the fact that some novels dealing with Islam and Muslim characters have taken up and used the Oriental stereotypes where Muslims are according to Said seen as either oil suppliers or potential terrorists For a long time Muslim characters in literature have been connected to this negative image which Said also labels as other and Spivak as subaltern The hybrid in which many Muslim characters are often set is also still equated with the exotic thus ignoring the energy of Bhabha s term and its positive realizations in fiction It is therefore one aim of this essay to throw light on this matter and to shortly reflect the present influence of 9 11 on Muslim writing

The Aḥmadīya Movement Howard Arnold Walter,1918 **Epicenter** Joel C. Rosenberg,2006 10 new predictions about the state of affairs in the Middle East from the best selling author of *The Copper Scroll* *England, Russia, and Afghanistan* Diplomaticus (pseud. [i.e. Lucien Wolf.]),1878 **The Islamist** Ed Husain,2007 When I was sixteen I became an Islamic fundamentalist Five years later after much emotional turmoil I rejected fundamentalist teachings and returned to normal life and my family I tried to put my experiences behind me but as the events of 7 7 unfolded it became clear to me that Islamist groups pose a threat to this country that we Muslims and non Muslims alike do not yet understand Why are young British Muslims becoming extremists What are the risks of another home grown terrorist attack on British soil By describing my experiences inside these groups the reasons I joined them and how after leaving I recovered my faith and mind I hope to explain the appeal of extremist thought how fanatics penetrate Muslim communities and the truth behind their agenda of subverting the West and moderate Islam Writing candidly about life after extremism I illustrate the depth of the problem that now grips Muslim hearts and minds I will lay bare what politicians and Muslim community leaders do not want you to know This is the first time an ex member openly discusses life within radical Islamic organisations This is my story

The Other Fathī 'Uthmān,2008 God has created humankind with a disposition towards diversity Individuals and societies are distinct based on the objective environmental circumstances of the time and place in which they live their own subjective motivations and the interaction between the two elements However human beings in all their diversity are equal in their human origin Religious faith cannot mean exclusive and permanent rightness for a certain individual or group and the opposite for all others After all human beings have their free will and intellect and no human is errorless except those individuals who were entrusted by God to convey His message to people and were protected by Him against making any error in delivering that divine message This book represents a comprehensive ijtihad on the subject of The Other within an Islamic framework The Arabic word ijtihad means the practice of the greatest possible intellectual effort to interpret and

implement the divine guidance This includes considering the sources in their entirety and recognizing their structure and their inter relations Our hope is that this book will enhance the understanding of the Islamic conceptualization of relations between the rulers and the ruled the haves and the have nots the national and the universal different genders and generations and Muslims and non Muslims Book jacket Our Indian Empire and the Adjacent Countries of Afghanistan, Beloochistan, Persia, Etc., Depicted and Described by Pen and Pencil Robert Montgomery Martin, 1879 The Last Wave Robert W.
