The Pillars of Midnight Elleston Trevor, 1960 **The Pillars of Midnight, [by] Elleston Trevor** Elleston Trevor, 1957 The Pillars of Midnight, Etc Elleston Trevor, 1959 Midnight's Borders Suchitra Vijayan, 2021-05-25 A Booklist Top 10 History Book of 2022 The first true people's history of modern India told through a seven year 9 000 mile journey along its many contested borders Sharing borders with six countries and spanning a geography that extends from Pakistan to Myanmar India is the world's largest democracy and second most populous country It is also the site of the world's biggest crisis of statelessness as it strips citizenship from hundreds of thousands of its people especially those living in disputed border regions Suchitra Vijayan traveled India's vast land border to explore how these populations live and document how even places just few miles apart can feel like entirely different countries In this stunning work of narrative reportage featuring over 40 original photographs we hear from those whose stories are never told from children playing a cricket match in no man's land to an elderly man living in complete darkness after sealing off his home from the floodlit border from a woman who fought to keep a military bunker off of her land to those living abroad who can no longer find their family history in India With profound empathy and a novelistic eye for detail Vijayan brings us face to face with the brutal legacy of colonialism state violence and government corruption The result is a gripping urgent dispatch from a modern India in crisis and the full and vivid portrait of the country we've long been missing

Midnight's Gate Beidao, 2005 Twenty essays about Bei Dao's life in exile since Tiananmen Square Knowledge of death is the only key that can open midnight's gate Bei Dao Bei Dao has gained international acclaim over the last decade for his haunting interior poetic landscapes his poetry is translated and published in some twenty five languages around the world Now in *Midnight's Gate* Bei Dao redefines the essay form with the same elliptical precision of his poetry but with an openness and humor that complements the complexity of his poems The twenty essays of *Midnight's Gate* form a travelogue of a poet who has lived in some seven countries since his exile from China in 1989 The work carries us from Palestine to Sacramento At one point we are led into a basement in Paris for a production of Gorky's *Lower Depths* the next moment we are in the mountains of China where Bei Dao worked for eleven years as a concrete mixer and ironworker The subjective experience deepens and multiplies in these essays filled with the stories of ordinary Chinese immigrants as well as those of literary artistic and political figures And it all coheres with a poet's observations meditations and memories

Midnight's Grandchildren Mark Hannant, 2018-12-07 While the west has experienced multiple post war economic social and political revolutions India by contrast has had two distinct moments of transformation in the past century Independence in 1947 and the economic liberalisation that began in 1991 *Midnight's Grandchildren* are the offspring of India's second social and economic revolution India's millennial generation coming of age post 1991 have grown up in a world of opportunity and relative abundance Many institutions family marriage workplace and brands are being disrupted Great tension exists as a new generation breaks barriers and seeks to find its place This book

captures an important transformative moment in India's development. It includes interviews with young Indians who articulate both their optimism and the struggle to find relevant new identities. Managers and recruiters speak about the changes in the workplace and the challenges and opportunities of harnessing India's so-called demographic dividend. Entrepreneurs, brand owners, and marketers discuss the role of brands in cementing identities in a world changing rapidly where loyalty has little meaning. *Midnight's Grandchildren* explains for a business audience the significance of the arrival in the workforce of a generation of millennials as both disruptors of the old order and engine of India's future economic potential. It is of use for professionals and educators wanting to engage this vitally important group of young people. **A**

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
