The Poetic Life:

The Poetic Life Carlos Munoz, 2008-05-13 This book is a collection of poems written through out the life of the author Join Carlos as he takes you on a journey into his complex thoughts on love hate and life **Translation and the Poet's Life** Paul Davis, 2008-09-04 Between the Civil War and the early decades of the eighteenth century English poets of the first rank devoted more of their time and creative energies to translating than they had ever done before or have ever done since Paul Davis's *Translation and the Poet's Life* is the first study to range across the entirety of this golden age of poetic translation in England taking as its organizing principle and object of inquiry the significances of translating itself as a distinctive mode of imaginative conduct Composed of case studies of the five leading poet translators of the age John Denham Henry Vaughan Abraham Cowley John Dryden and Alexander Pope it explores the part translation played in their lives as poets and thence in modelling the poet's life during what was a period of transition between early modern and modern constructions of it The argumentative method of the book is metaphorical Each chapter explores the impact on the theory and practice of the poet at issue of a metaphor or group of metaphors broadly current in contemporary translation discourse in particular figurations of the translator as an exile as a child as a code breaker and as a slave and comparisons of translation to friendship sexual congress metamorphosis and trade The majority of these metaphors were wholly or potentially pejorative translation remained a controversial practice throughout this period widely depreciated and stigmatized Turning translator accordingly forced the five major poets considered in *Translation and the Poet's Life* to undertake strenuous efforts of self inquiry and self presentation to find new answers to questions integral to their understandings of themselves and their standing in their culture questions about vocation and career fame and happiness responsibility and freedom *Translation and the Poet's Life* tells the stories of these personal and public remakings **The Poetic World of Boris Pasternak** Olga Raevsky Hughes, 2015-03-08 The dramatic political struggle of Boris Pasternak and the continued success of his novel *Dr Zhivago* have often taken center stage in discussions of this writer Olga Raevsky Hughes chooses instead to focus on the aesthetics underlying Pasternak's snuggles and successes to explore the ways in which his views of art and the artist were applied in his writings Professor Hughes examines those aspects of Pasternak's views on art that he himself considered crucial the beginnings of poetry in his life the relation of his art to life his relationship to his time and his responsibility to life and to society Pasternak's views on art are analyzed as he himself saw them in his autobiographies critical essays and letters and also as they were reflected in his work Pasternak is allowed to speak for himself accordingly all of his published works are used including letters little known works and available variants of his early poems Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase
