White Madness:

White Madness K. David, 1928 *Epic Encounters* Melani McAlister, 2005-07-05 *Epic Encounters* examines how popular culture has shaped the ways Americans define their interests in the Middle East In this innovative book now brought up to date to include 9 11 and the Iraq war Melani McAlister argues that U S foreign policy while grounded in material and military realities is also developed in a cultural context American understandings of the region are framed by narratives that draw on religious belief news media accounts and popular culture This remarkable and pathbreaking book skillfully weaves lively and accessible readings of film media and music with a rigorous analysis of U S foreign policy race politics and religious history The new chapter titled 9 11 and After Snapshots on the Road to Empire considers and brilliantly analyzes five images that have become iconic 1 New York City firemen raising the American flag out of the rubble of the World Trade Center 2 the televised image of Osama bin Laden 3 Afghani women in burqas 4 the statue of Saddam Hussein being toppled in Baghdad and 5 the hooded and wired prisoner in Abu Ghraib McAlister s singular achievement is to illuminate the contexts of these five images both at the time they were taken and as they relate to current events an accomplishment all the more remarkable since to paraphrase her new preface we are today struggling to look backward at something that is still rushing ahead The Yellow Horde Hal G. Evarts, 2019-09-25 Reproduction of the original *The Yellow Horde* by Hal G Evarts
