The Pitching Staff:

The Pitching Staff Steve Jacobson,1975 *The Rotation* Jim Salisbury,Todd Zolecki,2012-03-06 Not since 1957 has one major league team s pitching staff boasted three pitchers Roy Halladay Cliff Lee and Roy Oswalt in the Top Ten in career winning percentage Plus the Philadelphia Phillies 2011 rotation also happens to include Cole Hamels the 2008 NLCS and World Series MVP and an alternating fifth starter This awe inducing rotation has been the talk of baseball since coming together in December 2010 They were featured on the cover of Sports Illustrated s 2011 baseball preview edition interviewed on the MLB Network on opening day of spring training covered in the New York Times Magazine and mentioned in numerous newspapers and magazines nationwide Authored by two of the most knowledgable and connected Phillies beat writers The Rotation is a remarkably detailed day in the life story of one complete season with a Major League Baseball starting pitching staff The authors offer deep daily access to the Phillies players coaches and front office staff as well as the players and staff of other major league teams and the national baseball media With firsthand reporting and extensive interviews plus two full color photo inserts this is a fascinating and detailed look into the day to day operation of what is arguably the greatest pitching rotation ever assembled It is a must read for Phillies fans and general baseball fans alike

Baseball Greatness David Kaiser,2018-03-02 Recent advances in baseball statistical analysis have made it possible to assess the totality of contribution each player makes to team success or failure Using the metric Wins Above Average WAA the number of wins that the 2016 Red Sox for example added because they had Mookie Betts in right field instead of an average player the author undertakes a fascinating review of major league baseball from 1901 through 2017 The great teams are analyzed underscoring why they were successful The great players of each generation are identified using simple reliable metrics from Ty Cobb through Mike Trout and pitchers from Christy Mathewson to Clayton Kershaw Surprises abound The importance of pitching is found to be vastly exaggerated Many Hall of Fame pitchers and some hitters achieved immortality almost entirely on the backs of their teammates while a few over qualified players still await induction Focusing on today s rosters the WAA assessment shows that the game is threatened by an unprecedented shortage of great players **How to**
