White Bones Graham Masterton, 2013-03-01 An ancient Irish mystery A ritualistic modern day killer Ireland s first female detective Katie Maguire must find the connection The Elementary Structures of Kinship Claude Levi-Strauss, 1971-06-30 Professor L vi Strauss s first major work *Les Structures Mentales de la Parenté* has acquired a classic reputation since its original publication in 1949 and it has become the constant focus of academic debate about central theoretical concerns in social anthropology It is however a long and difficult book for many students to read in French and its arguments have consequently become known even among professional anthropologists largely through critical analysis It was republished in a revised French edition in 1967 with a new foreword by the author and it is this text with his further emendations that has been used in this translation L vi Strauss applies his intellectual powers to the perennial problem of incest which he elucidates by means of the concept of exchange as formulated by Marcel Mauss in his famous analysis of the gift *Essai sur le don* 1925 He distinguishes two elementary modes of exchange which govern not only the conventional variety of goods and services but also the transfer of women in marriage these are restricted and generalized exchange With a mass of ethnographic evidence he demonstrates how the formidable intricacy of marriage customs comprising moral and jural ideas and institutions which appear to be essentially arbitrary can be seen as local and historical rules of exchange Charles L vi Strauss traces these rules throughout a vast range of simple societies chiefly in Australia and mainland Southeast Asia but also in the Americas in Oceania and in other parts of the world To this survey he adds two extended sections on the great civilizations of China and India He continues with a briefer consideration of the passage from elementary to complex structures with particular reference to African societies and concludes with a stimulating chapter on the principles of kinship exchange as the universal basis for marriage prohibitions and the formal relations between the sexes as part of a universe of communication Although much of the work is technical consisting of detailed analyses of types of social organization with which social anthropologists will be most familiar it also contains much that will be of interest to psychologists linguists and philosophers and to all who are interested in the possibility and the technique of the structural analysis of human activity After the successes moreover of L vi Strauss s subsequent books notably *Structural Anthropology* *Tristes Tropiques* *Totemism* and *The Savage Mind* this new edition of the work which founded his present outstanding reputation will have

additional value as a further means of contact with one of the original minds of this century The translation has been made by James Harle Bell and John Richard von Sturmer of the University of New England Australia and by Rodney Needham of the University of Oxford Dr Needham also acted as general editor and supplied the work with a new general index He is the translator of L vi Strauss s *Le Totemisme aujourd hui* and author of *Structure and Sentiment* 1962 and numerous papers which have contributed to the recognition of Professor L vi Strauss s work in the English speaking world [Destined Martial God](#) Yan YunYuQi,2019-12-28 When Yu Haoran woke up again he had gone back to more than one hundred years ago to the year he turned sixteen and his fate was ushered to a turning point This time Yu Haoran retained not only all the memories of previous life but also a domain tower which was omniscient and had the ability of time acceleration In this life as a martial cultivator who practiced less than a month and barely entered the early period of First Level Martial Disciple how would Yu Haoran achieve his legendary life relying on the memories of the previous life About the Author Yan Yun Yu Qi is an outstanding novelist His works include *The Destiny of God* *The Strongest* *Reproduction* *My Dantian* has a book *The Best of the Master* *The Anti Long Ares* a total of five novels From modern romance to fantasy novels Yan Yunyuqi can grasp the writing of different styles which is inseparable from his love of writing and reading from an early age It is with this enthusiasm that he can continue to insist on creation [Alchemy](#) Johannes Fabricius,1994 **Super Male Instructor** Shang Shan,2020-05-08 Ten years later he was reincarnated but was surprised to find someone posing as himself as the head of the chinese power group which is hidden in what kind of conspiracy in order to solve the mystery To save their own he sent for a body art training institutions male drillmaster led a team composed of beauty opened the modern city against the sky journey **The Chinese Dark Poet: Huang Xiang and His Colorful World** Zhengming Fu (Sweden), Huang Xiang the protagonist of this book was born on 26th December 1941 in Guidong county Hunan province of central China After the Communists came to power in 1949 he was imprisoned six times and severely persecuted for his free spirited writing and his campaigns for human rights For more than thirty years this self educated poet and writer wrote secretly against the bondage of totalitarian ideology to safe guard the freedom of speech According to the author of the book Huang is a great dark poet who has expressed the painful memories fears and struggles that haunted his life creating wonderful poetic beauty in the darkness His poetic creation is a miracle in the history of Chinese contemporary literature We may say that Huang s identity as an unknown dark poet is conditioned by his personal emotional and tragic experiences of struggles while facing historical events such as the Cultural Revolution from 1966 to 1976 the April 5th Movement in 1976 the Democracy Wall Movement in 1978 and the Pro Democracy Movement in 1989 in China *Collier's* ,1917 *Annual Report of the Board of Regents of the Smithsonian Institution* Smithsonian Institution.
