Using the Building Regulations: Administrative Procedures Mike Billington, 2006-08-11 As the Building Regulations and Approved Documents have become more and more complex they have become increasingly unfriendly for a professional user Compliance is only possible by understanding a wide range of supporting documentation Alternative approaches are implied but not described or analysed This series of books on individual Documents goes far beyond analysis of the Regulations and Documents themselves and offers practical advice on using not just the traditional routes to compliance but also on the alternative approaches suggested but not explained in the Approved Documents The advantages and disadvantages of each form of compliance are analysed in depth This book examines the background to the Building Regulations and their evolution to the complex documents of today Inspection enforcement and compliance are described in detail

Using the Building Regulations: Part M Access Melanie Smith, 2006-08-11 This informative book takes the practitioner through the requirements for Part M of the Building Regulations explaining and expanding the guidance given in the Approved Document and comparing the advice in BS83000 and other relevant publications Access statements are demystified and the implications for the building in use under the Disability Discrimination Act are clarified It will inform all those working within the built environment enabling them to deal with a complex and evolving area of the law which directly affects everyone As with the other books in the Using the Building Regulations series Part M Access goes far beyond analysis of the Regulations and Documents themselves and offers practical advice on using not just the traditional routes to compliance but also on the alternative approaches suggested but not explained in the Approved Documents The advantages and disadvantages of each form of compliance are analysed in depth
