Postcolonial Nostalgias Dennis Walder, 2010-11-17 This book offers an original and informed critique of a widespread yet often misunderstood condition: nostalgia, a pervasive human emotion connecting people across national and historical as well as personal boundaries. Often seen as merely escapist, nostalgia also offers solace and self-understanding for those displaced by the larger movements of our time. Walder analyses the writings of some of those entangled in the aftermath of empire, tracing the hidden connections underlying their yearnings for a common identity and a homeland and their struggles to recover their histories. Through a series of comparative reflections upon the representation in literary and related cultural forms of memory, he shows how admitting the past into the present through nostalgia enables former colonial or diasporic subjects to gain a deeper understanding of the networks of power within which they are caught in the modern world and beyond, which it may yet be possible to move. Considering authors as varied as V. S. Naipaul, J. G. Ballard, Doris Lessing, W. G. Sebald, and Chimamanda Ngozi Adichie, as well as versions of Bushman song, Walder pursues the often wayward, ambiguous paths of nostalgia as it has been represented, beyond but also within Europe, so as to identify some of those processes of communal and individual experience that constitute the present and, by implication, the future. *The Studio*, 1913

Guitar Facts Joe Bennett, 2002 An A-Z of everything to do with the guitar, covers all styles from folk to rock, from flamenco to the blues. Full-chord dictionary entries on the great guitarists, easy-to-use instructions, comprehensive entries on equipment, notation, and guitar tabs, includes special features like how to read music and simple repairs.

Customs and Beliefs of the Xam Jeremy Hollmann, 2022-10 More than 125 years ago a remarkable group of people came together in Cape Town to write down the language and beliefs of the Xam people, a Bushman group that once lived over much of South Africa. The immensely valuable work of Wilhelm Bleek, Lucy Lloyd, and their Xam teachers not only preserved a language now no longer spoken but also provided fascinating insights into Xam cosmology. First published in 2004, *Customs and Beliefs of the Xam* reproduces Dorothea Bleek's selection of Xam narratives from the well-known Bleek and Lloyd Collection that was originally published in the journal *Bantu Studies* during the 1930s. Collated and edited by Jeremy Hollman, the extracts include detailed notes on each of the narratives as well as Bleek's sketch of Xam grammar. This substantially revised second edition integrates new scholarship on the Bleek and Lloyd archive and restores previously omitted material. The introduction to each narrative has been expanded to contextualise it within the archive as a whole and, where relevant, reference it to the Notebook of which it is a part. This includes meticulous cross-referencing with the Bleek and Lloyd Collection catalogue code and the Notebook number and line reference. Each of the

texts has also been critically reassessed with additional editorial notes and commentaries in particular with respect to the xam words themselves and the ways in which they have been translated A synopsis of each narrative is provided in an appendix with cross references to the Bleek and Lloyd notebooks Customs and Beliefs of the xam second edition is an in depth detailed and authoritative resource that will be invaluable to scholars heritage workers and activists alike
