The Life of Muhammad 'Abd al-Malik Ibn Hishām, Muḥammad Ibn Ishāq, 1997 Alfred Guillaume's authoritative translation of the Sira of Ibn Ishaq presents in English the complete history of the life of Prophet Muhammad. No book can compare in comprehensiveness, arrangement, or systematic treatment with Ibn Ishaq's work. *Images of Muhammad* Tarif Khalidi, 2009-08-18 From one of today's leading Muslim scholars, this compelling look at how the Prophet Muhammad has been portrayed throughout the centuries offers a fascinating history of the diversity of Islamic cultures and beliefs. The Prophet Muhammad has been revered for more than fifteen centuries. Today one in five people throughout the world calls for daily praises and blessings upon him and holds him up as a model of virtue. In *IMAGES OF MUHAMMAD* Tarif Khalidi examines the ways Muhammad has been depicted and revered from the immediate aftermath of his death to the present day. With scholarly authority, Khalidi explores how the biography of Muhammad has been constructed, reconstructed, and utilized in various Islamic cultures and traces the influences that have shaped his image, including the profound effect of negative perceptions promulgated by the West. As he describes the great variety of Islamic beliefs and practices, Khalidi illuminates the values and ideas shared by the Sunni, Shia, and Sufi sects, as well as the differences among them, providing Western readers with a clear, objective perspective on the current conflicts within the Muslim world, as well as their global repercussions. From the Hardcover edition. *The Prophet Muhammad* Stephen Burge, 2020-11-12 I B Tauris in association with the Institute of Ismaili Studies Prophets serve as intermediaries between the human and divine worlds, granting them a special status in history across diverse religions and cultures. For Muslims, the Prophet Muhammad (570-632 CE) represents the culmination of the line of monotheistic prophets, including Abraham, Moses, and Jesus. In his own lifetime, Muhammad overcame opposition and brought reforms, firmly establishing a thriving community of believers which would become a major world civilization. Today, the Prophet's life and actions continue to inspire Muslims worldwide. *The Prophet Muhammad* presents an illuminating portrait of Muhammad in his capacity as God's messenger and an exemplary figure to Muslims. Revealing the challenges and triumphs of prophecy, Stephen Burge examines how prophets have inspired faith communities' relationship with the Divine, and one another. In doing so, this engaging account elucidates the enduring influence of prophecy and the profound legacy of the Prophet Muhammad. *The Life of Muhammad* 'Abd al-Malik Ibn Hishām, Muhammad Ibn Ishak (d), 1955 *Sirat Rasul Allah: Life of the Messenger of God* or *al-Sirat al-Nabawiyah* Prophetic biography is the Arabic term used for the various traditional Muslim biographies of Muhammad, from which most historical information about his life and the early period of Islam is derived. Ibn Ishaq's *Sirat Rasul Allah* is the earliest surviving traditional biography and was written just over 100 years after Muhammad's death. It survives in the later editions of Ibn Hisham and al-Tabari. The translator used Ibn Hisham's abridgement and also included many additions and variants found in the writings of early authors. The book thus presents in English practically all that is known of the life of the Prophet. In the introduction, the translator discusses the character of the Sira in the light of the opinion of early Arabian scholars, noting especially the difficulties of the poetry. As the

earliest monument of Arabian prose literature the Sira remains a work of the first importance *The Sayings of Muhammad* Muhammad (Prophet),1954 *Muhammad : The Messenger of God* Sayyid Muhammad Rizvi, This text briefly introduces the personality of Muhammad It describes his birth upbringing family It then goes on to cover the Prophetic mission of Muhammad his migration to Medina the process of establishing an Islamic community It also explores the various encounters interactions he had in battles treaties which were forged his final pilgrimage more [The Biography of Muhammad](#) Harald Motzki,2000 Ten revised versions of presentations at an international colloquium held in October 1997 in Nijmegen the Netherlands provide a range of methodological approaches and use varying types of evidence to examine issues around the sources for the several biographies of The Prophet written between the end of the second and end of the third Islamic centuries Five of them look at the development of the sira tradition of writing the life of Muhammad the other five at the historical reliability of the biographical source material including that used by the earliest Christian writings Annotation copyrighted by Book News Inc Portland OR [Faces of Muhammad](#) John Tolan,2025-03-04 Heretic and impostor or reformer and statesman The contradictory Western visions of Muhammad In European culture Muhammad has been vilified as a heretic an impostor and a pagan idol But these aren't the only images of the Prophet of Islam that emerge from Western history Commentators have also portrayed Muhammad as a visionary reformer and an inspirational leader statesman and lawgiver In Faces of Muhammad John Tolan provides a comprehensive history of these changing complex and contradictory visions Starting from the earliest calls to the faithful to join the Crusades against the Saracens he traces the evolution of Western conceptions of Muhammad through the Reformation the Enlightenment and the nineteenth and twentieth centuries and up to the present day Faces of Muhammad reveals a lengthy tradition of positive portrayals of Muhammad that many will find surprising To Reformation polemicists the spread of Islam attested to the corruption of the established Church and prompted them to depict Muhammad as a champion of reform In revolutionary England writers on both sides of the conflict drew parallels between Muhammad and Oliver Cromwell asking whether the prophet was a rebel against legitimate authority or the bringer of a new and just order Voltaire first saw Muhammad as an archetypal religious fanatic but later claimed him as an enemy of superstition To Napoleon he was simply a role model a brilliant general orator and leader The book shows that Muhammad wears so many faces in the West because he has always acted as a mirror for its writers their portrayals revealing more about their own concerns than the historical realities of the founder of Islam **The Life of Muhammad** Uri Rubin,2022-04-19 This is a set of key articles which deal with various aspects of the life of Muhammad the Muslim authors of Muhammad's biography the major events in his life the development of the idealised image of Muhammad and the image of Muhammad in the eyes of early medieval non Muslim writers The articles are preceded by an introduction reviewing major trends in the scholarly research *Remarks on the Nature of Muhammadanism* Carl Gottlieb Pfander,1840 *Catalogue of the Library of the India Office ...: pt. 1.
