United States**

Under Five Under Educated:

Perspectives on Early Childhood Education Katherine M. Hirst, Kath Hirst, Cathy Nutbrown, 2005 Focusing on early childhood experiences and the factors at work this title examines the expanding field of early childhood education and care highlighting the critical issues to be aware of and how this can affect the child in later life

Inside Role-Play in Early Childhood Education Sue Rogers, Julie Evans, 2008-01-18 Based on extensive research and grounded in everyday classroom practice the authors of this book explore important issues surrounding play in the early years curriculum The book presents children's views on and response to their role play environment alongside examples of good classroom practice and addresses vital questions such as Will structuring role play replace children's own attempts to create scenarios that grow out of their interests and relationships Has an over emphasis on subjects like literacy and numeracy eclipsed the important processes inherent in children's social play How we can ensure that provision for role play fully benefits all young children Critically the authors present the child's perspective on play in schools throughout and argue firmly against a formal inflexible learning environment for young children This book will be fascinating to all students on primary education undergraduate courses and early childhood studies Researchers and course leaders will also find this book a ground breaking read

Four Periods of Public Education as Reviewed in 1832-1839-1846-1862 ... Sir James Kay-Shuttleworth, 1862

Education in the United Kingdom Liam Gearon, 2013-10-18 This accessible book provides a basic understanding of the structure and organization of education in the United Kingdom in a time of rapid change and devolved government It is designed as an introductory guide and reference work for all with an interest in education including trainee and newly qualified teachers university lecturers school based mentors and governors and managers It contains an accessible summary of key issues and contributions from some of the best known writers in the field

A Guide to Early Years Practice Sandra Smidt, 2007-02-07 This is a practical accessible guide to early years practice The author examines current theories about how children learn best and focuses on how we can support and extend the learning of young children This fully revised edition discusses Birth to Three Matters the new Childcare Bill and the development of children's centres and has additional focus on the Foundation Stage Profile Packed full with case studies the book offers practical advice on how to successfully involve parents as equal partners in the education of their children guidance to ensure that the activities and support offered to young children will promote learning across a broad and balanced Early Years curriculum a focus on special needs multiculturalism and multilingualism play and culture and the importance of interactions with adults and with peers Essential reading for students on Early Years courses this book is also invaluable for practitioners who can use this text as the starting point for developing their own methods within the frameworks of statutory documents relating to Early Years education

The Routledge International Handbook of Philosophies and Theories of Early Childhood Education and Care Tricia David, Kathy Goouch, Sacha Powell, 2015-10-05 The Routledge Handbook of Philosophies and Theories of

Early Childhood Education and Care brings together leading writers in the field to provide a much needed authoritative guide to the major philosophies and theories which have shaped approaches to Early Childhood Education and Care Providing a detailed overview of key concepts debates and practical challenges the handbook combines theoretical acumen with specific examples to show how philosophies and theories have evolved over the centuries and their impact on policy and society It examines the ways in which societies define and make sense of childhood and the factors that influence the development of philosophies about young children and their learning The collection offers an insight into the key theorists and considers how the economics and politics of their time and personal ideology influenced their ideas about childhood It looks at curricula and provision which have proved inspirational and how these have impacted on policy and practice in different parts of the world The handbook also explores alternative and perhaps less familiar philosophies and ideas about babies and young children their place in society and the ways in which it might be appropriate to educate them Bringing together specially commissioned pieces by a range of international authors this handbook will enable academics research students practitioners and policy makers to reflect on their own understandings and approaches as well as the assumptions made in their own and other societies

Special Needs & Early Years Ms Kate Wall,2006-05-10 Provides practitioners students and parents with current examples of good practice and updated information on interagency issues and working with parents
