Polomé, 2011-06-15 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing *Caribbean Language Studies and the Reformation of Linguistic Methodology and Theory: Programme of events* Society for Caribbean Linguistics. Conference, 1988 **Caribbean Language Studies and the Reformation of Linguistic Methodology and Theory** Society for Caribbean Linguistics. Conference, 1988 [Ship English](#) Sally Delgado, 2019-05-14 This book presents evidence in support of the hypothesis that Ship English of the early Atlantic colonial period was a distinct variety with characteristic features It is motivated by the recognition that late seventeenth and early eighteenth century sailors speech was potentially an influential variety in nascent creoles and English varieties of the Caribbean yet few academic studies have attempted to define the characteristics of this speech Therefore the two principal aims of this study were firstly to outline the socio demographics of the maritime communities and examine how variant linguistic features may have developed and spread among these communities and secondly to generate baseline data on the characteristic features of Ship English The methodology s data collection strategy targeted written representations of sailors speech prepared or published between the dates 1620 and 1750 and prioritized documents that were composed by working mariners These written representations were then analyzed following a mixed methods triangulation design that converged the qualitative and quantitative data to determine plausible interpretations of the most likely spoken forms Findings substantiate claims that there was a distinct dialect of English that

was spoken by sailors during the period of early English colonial expansion They also suggest that Ship English was a sociolect formed through the mixing leveling and simplification processes of koinization Indicators suggest that this occupation specific variety stabilized and spread in maritime communities through predominantly oral speech practices and strong affiliations among groups of sailors It was also transferred to port communities and sailors home regions through regular contact between sailors speaking this sociolect and the land based service providers and communities that maintained and supplied the fleets Linguistic data show that morphological characteristics of Ship English are evident a

New research on circum-Caribbean creoles and language contact Angela Bartens, Peter Slomanson, Kristoffer Friis Bøegh, 2024-12-09 This volume features research papers dealing with creolized and partially restructured language varieties in the wider Caribbean region Initially conceived of as a conference volume drawing on papers presented at the 2017 Summer conference of the Society for Pidgin and Creole Linguistics organized by the Universities of Tampere and Turku Finland the authors have since expanded the content of their original papers substantially contributing to the empirical and analytical depth of their submissions The volume ultimately aims both to validate new contact language research with this regional focus as well as to stimulate further research on the fascinating language varieties that have developed and continue
