

ARCHITECTURE

According to Vitruvius, a good architect must have the three characteristics of strength, utility, and beauty, which are commonly translated as stability, service, and delight in modern English, or respectively would be:

- Durability: a construction should be able to withstand the elements, and remain in good condition.
- Utility: it should be appropriate for the purpose for which it is used.
- Beauty: should be pleasing to the senses.

PAINTING

Painting is perhaps the most well known of the seven types of fine arts. People have used flat a piece of paper or wall to represent the world, really since the beginning of time.

There have been several well known visual artists, so it is no wonder that it is still one of the most popular and widely recognized fine art forms.

SCULPTURE

One of the most arts is sculpture, the ability to form the solid's content of 3D figures. Originally, a sculpture was made to just carry out a tradition, which was then slowly into the time.

A few sculptors also use art that incorporates a wide range of material and techniques. Sculpting is a bit more of the visual arts but simpler than drawing. It is a type of graphic art.

SEVEN FINE ARTS

MUSIC

Music has a special place among the seven arts because of its capacity to create sometimes sounds using instruments. For a long time, humans had been accompanied by the music of nature.

It is a combination of tone, an art form consisting of a variety of sounds by instruments played and influencing an entire population. There are hundreds of musical instruments, which are engaged by tone.

It is a kind of body expression that can transport the audience and is always had in music. Some features are related to the audience, they have felt a sense of heat or emotion when they see a film, music, etc.

The term "performance art" refers to forms of performance in which artists use the body as a central media of expression. It is one of a variety of fine art and performance arts which include a variety of physical movements that are usually performed in front of a live audience.

PERFORMANCE

FILM

Film, also known as motion picture or movie, is a media that can be used to capture moving images, as well as other things related to audio experiences that include thoughts, ideas, imagination, emotions, splendor or perspective.

The term "cinema," short for "cinematography," is frequently used to refer to filmmaking and the industry in and of the artistic expression that results from it.

Literature is a form of art that refers to the use of words to express itself, although we mean that literature is not just some people do not consider the story to be a form of poetry is also included in this form.

Literature refers to writing that is considered a form of writing, but is also an artistic or intellectual or cultural experience, using the use of language to express ideas.

The Latin word "Litera" refers to the use of letters from letters, which means letters or something was used to refer to it with words.
