Moorehead,2015-07-18 Excerpt from *Studies in the Four Gospels* This book is not an Introduction to the Four Gospels much less is it a Commentary on them It is intended to be just what its title indicates Studies Its aim is to point out as clearly and briefly as possible what is conceived to be the main design of the Spirit of God in these precious records Whether that design has been rightly interpreted and whether it has been adequately set forth it is left to the reader s judgment to determine In the prosecution of these Studies many books have been consulted References to them in the text are scanty chiefly because it seemed undesirable to burden the pages with them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Studies in the Four Gospels** William G. position on the many crucial questions raised by John's Gospel. In his Preface to this volume Dr Morris notes that Critical Protestant scholars and Roman Catholics are reading one another's works and discussing one another's writings with charity and mutual profit. Perhaps it is not too much to hope that both will include the conservative evangelicals within the scope of their reading and charity. In the hope that it will make some small contribution to the continuing dialogue this book goes forth.

*Studies in the Four Gospels* Jesse Lyman Hurlbut, 1880      **Studies in the Origins and Aims of the Four Gospels** James Maurice Wilson, 1910      **The Life of Christ** Duville Grant Christman, 192?      *Advanced Bible Studies - the Four Gospels* David Cloud, 2003-01-01 This course begins with the period between the Testaments and then covers the book of Matthew almost verse by verse. It then deals with Mark, Luke, John by considering the unique aspects of those books that are not contained in Matthew.      **Studies in the Fourth Gospel** Leon Morris, 1969      **Gospel Perspectives** R. T. France, David Wenham, 1984      *Studies of History and Tradition in the Four Gospels* R. T. France, David Wenham, 1980 Few questions have received more attention from Christian scholars and theologians during the past two hundred years than the question of history and tradition in the four gospels. But real advances in understanding that have been made there is still quite fundamental disagreement among scholars on how far we can regard the gospels as historically reliable and indeed on what the notion of historicity involves in this context or whether it really matters. To thinking Christian this scholarly disagreement is a source of perplexity. It may be true that the theology of the NT is a more important object for study than its historical details; it is certainly the case that much of the past search for the historical Jesus has led into dead ends. But despite the attempts of some to suggest otherwise the conviction remains that the Christian faith is closely and essentially tied up with the history of its founder figure so that the question of the historical value of the gospels cannot be dismissed and should not be left unanswered. The Gospels Research Project of Tyndale House Cambridge of which the Gospel Perspectives series is the fruit was set up to look further into the historicity of Jesus question. Preface      *The Net Bible Synopsis of the Four Gospels* Gregory White, 2009-04 A synopsis is a tool which displays different passages of a text side by side for comparison. This is most commonly done with the four Gospels of the New Testament because of their similar material but it could reasonably be done with any text that has similar passages such as the Old Testament historical narratives. The synopsis you presently hold contains the four Gospels of the New Testament. It is different from comparing parallel versions such as one English translation to another because all of the passages displayed in this synopsis are from the same version, the NET Bible. It is different from a harmony because the passages are not reorganized into one story each Gospel in a synopsis is separate from the others and can be read by itself or in comparison with the others. This parallel arrangement enables fruitful comparison of the Gospels to each other so each may be understood well on its own in light of the others.      **Outlined Studies in the Four Gospels** Calvin C.
