Tle Labs Intermediate Algebra:

C. S. M. Introductory Algebra Tussy, Gustafson, 2005-03 *The Learning Equation Intermediate Algebra Student Workbook with Student User's Guide* Brooks Cole Publishing Company, Why Interactive, 2002-03 The Learning Equation TLE is a series of interactive multimedia courseware products for the developmental mathematics and college algebra curriculum. The only product for this market with both a Microsoft Windows AND Macintosh version TLE is free to adopting institutions with no site license no contracts and no administrative fees. The Student Software Workbook ordered and sold just like any textbook gives students the freedom to use TLE anytime anywhere and on any computer. Designed for learner focused computer classroom lab based and distance learning courses adopting institutions receive and have license to install ALL TLE courses on their campus computers even if they only adopt and have students purchase TLE for one section of one course. The pedagogical model employs a Guided Inquiry approach whereby students construct their own understanding of concepts. Instead of passively being fed information students are actively involved in tasks requiring them to discover or apply mathematical concepts. The browser based course management system that accompanies TLE includes a new testing system that allows for the easy creation of algorithmically generated machine graded free response mathematics practice quizzes and tests giving instructors the power to assess student understanding of skills in a more meaningful way. Because the testing and course management system is browser based it can be used on a stand alone or networked computer or any computer with Internet access giving instructors the power to access course management information such as student progress time on task and grades anytime anywhere. Students working off campus can upload course management information remotely using the Internet or can save this information to a floppy disk. In addition adopting institutions may use Thomson Learning servers for course management at no additional cost. *C. S. M. Developmental Mathematics* Tussy, Gustafson, 2005-07 **Tle Elem Alg Irm W/Cd V. 2. 5** Why Interactive Staff, 2001-08 [Tle Prealg Irm W/Cd V. 2. 5](#) Why Interactive Staff, 2001-08 **The Learning Equation** Acerra, 2003-08 TLE is designed for learner focused computer classroom lab based and distance learning courses. Adopting institutions receive and have license to install all TLE courses on their campus computers even if they only adopt and have students purchase TLE for one section of one course. The pedagogical model employs a Guided Inquiry approach whereby students construct their own understanding of concepts. Instead of passively being fed information students are actively involved in tasks requiring them to discover or apply mathematical concepts. Brooks Cole Assessment the browser based course management system that supports TLE allows for the easy creation of algorithmically generated machine graded free response mathematics practice quizzes and tests giving instructors the power to assess student understanding of skills in a more meaningful way. Because the testing and course management system is browser based it can be used on a stand alone or networked computer or any computer with Internet access providing instructors the ability to access course management information such as student progress time on task and

grades anytime anywhere Additionally students working off campus can access TLE assignments using the Internet anytime Adopting institutions may use Thomson Learning servers for course management at no additional cost **Tle Basic Math Irm Cd V2. 5** Why Interactive Staff,2001-08 [Irm Tle Alg Coll Stdts Decell,2001-08](#) *Learning Equation Why* Staff,2000-11-30 THE LEARNING EQUATION tm TLE is interactive multimedia courseware for developmental mathematics covering subjects from basic mathematics arithmetic through intermediate algebra Free to adopting schools without a contract site license or any fees whatsoever TLE is sold to students in the form of a workbook the Student Workbook plus the complete software product on CD This models makes TLE ideal for anytime anywhere learning There is an accompanying Instructor s Resource Manual IRM for each course product containing information to help instructors implement TLE into their curriculum Developed in Macromedia Director TLE is attractive with a professional look and feel and runs fast and reliably on all Microsoft Windows and Macintosh platforms Delivered on cross platform CD ROMs it can run on a stand alone computer over a LAN and over the internet THE LEARNING EQUATION is equipped with a sophisticated browser based course management system and assessment package TLE uses interactive activity directed learning to involve students in their own education The Learning Equation provides institutions with a technology based solution for self paced at a distance lab based or lecture based developmental mathematics curriculum By providing a student centered interactive activity directed teaching and learning environment educational institutions can offer their students a flexible efficient way of meeting base mathematical requirements for graduation With the browser based course management and assessment components instructors are able to track student progress run reports create print and online tests and quizzes and communicate with their classes If the institution chooses to use Brooks Cole Thomson Learning servers there is no need for installation and upkeep of costly server hardware *The Learning Equation Intermediate Algebra* Acerra,Jennifer Huber,2002-08-01 Designed for learner focused computer classroom lab based and distance learning courses adopting institutions receive and have license to install all TLE courses on their campus computers even if they only adopt and have students purchase TLE for one section of one course The pedagogical model employs a Guided Inquiry approach whereby students construct their own understanding of concepts Instead of passively being fed information students are actively involved in tasks requiring them to discover or apply mathematical concepts The browser based course management system that accompanies TLE includes a new testing system that allows for the easy creation of algorithmically generated machine graded free response mathematics practice quizzes and tests giving instructors the power to assess student understanding of skills in a more meaningful way Because the testing and course management system is browser based it can be used on a stand alone or networked computer or any computer with Internet access giving instructors the power to access course management information such as student progress time on task and grades anytime anywhere Students working off campus can upload course management information remotely using the Internet or can save this information to a floppy disk In

addition adopting institutions may use Thomson Learning servers for course management at no additional cost *The Learning Equation Online for Intermediate Algebra Lessons* Acerra, 2003-02-01 The TLE Online Companion is a 32 page USER S GUIDE with online PIN code access to THE LEARNING EQUATION lessons bundled with Tussy Gustafson s INTERMEDIATE ALGEBRA SECOND EDITION Delivered entirely over the Internet students can access 15 lessons per course hand picked by Alan Tussy to enhance the presentation of specific concepts in the course The TLE ONLINE COMPANION is adapted from the full version of THE LEARNING EQUATION line of developmental mathematics courseware products Designed for learner focused computer classroom lab based and distance learning courses the pedagogical model employs a Guided Inquiry approach whereby students construct their own understanding of concepts Instead of passively being fed information students are actively involved in tasks requiring them to discover or apply mathematical concepts Each lesson has seven interactive components Introduction Tutorial Examples Summary Practice and Problems Extra Practice and Self Check The interactive learning content is the perfect compliment to the textbooks designed to engage and enrich the student s learning experience by addressing multiple learning styles Using the power of the most comprehensive and powerful course management system available student progress is tracked from whatever location they choose to learn The auto enrollment feature via PIN codes customizable grade book world class test generator for printed and on line assessments and outstanding communication tools makes managing the learning experience fast and easy **Learning Equation** Why Staff, 2001-08 THE LEARNING EQUATION tm TLE is interactive multimedia courseware for developmental mathematics covering subjects from basic mathematics arithmetic through intermediate algebra Free to adopting schools without a contract site license or any fees whatsoever TLE is sold to students in the form of a workbook the Student Workbook plus the complete software product on CD This models makes TLE ideal for anytime anywhere learning There is an accompanying Instructor s Resource Manual IRM for each course product containing information to help instructors implement TLE into their curriculum Developed in Macromedia Director TLE is attractive with a professional look and feel and runs fast and reliably on all Microsoft Windows and Macintosh platforms Delivered on cross platform CD ROMs it can run on a stand alone computer over a LAN and over the internet THE LEARNING EQUATION is equipped with a sophisticated browser based course management system and assessment package TLE uses interactive activity directed learning to involve students in their own education The Learning Equation provides institutions with a technology based solution for self paced at a distance lab based or lecture based developmental mathematics curriculum By providing a student centered interactive activity directed teaching and learning environment educational institutions can offer their students a flexible efficient way of meeting base mathematical requirements for graduation With the browser based course management and assessment components instructors are able to track student progress run reports create print and online tests and quizzes and communicate with their classes If the institution chooses to use Brooks Cole servers there is no need for installation and
