**Medusa's Sisters** Lauren J. A. Bear, 2024-07-30 A vivid and moving reimagining of the myth of Medusa and the sisters who loved her Even before they were transformed into Gorgons Medusa Stheno and Euryale were unique among their immortal family Curious about mortals and their lives Medusa and her sisters entered the human world in search of a place to belong yet quickly found themselves at the perilous center of a dangerous Olympian rivalry and learned too late that a god's love is a violent one Forgotten by history and diminished by poets the other two Gorgons have never been more than horrifying hags damned and doomed But they were sisters first and their journey from lowly sea born origins to the outskirts of the pantheon is a journey that rests hidden underneath their scales Monsters but not monstrous Stheno and Euryale will step into the light for the first time to tell the story of how all three sisters lived and were changed by each other as they struggle against the inherent conflict between sisterhood and individuality myth and truth vengeance and peace

**Medusa's Hair** Gananath Obeyesekere, 2024-05-31 The great pilgrimage center of southeastern Sri Lanka Kataragama has become in recent years the spiritual home of a new class of Hindu Buddhist religious devotees These ecstatic priests and priestesses invariably display long locks of matted hair and they express their devotion to the gods through fire walking tongue piercing hanging on hooks and trance induced prophesying The increasing popularity of these ecstasies poses a challenge not only to orthodox Sinhala Buddhism the official religion of Sri Lanka but also as Gananath Obeyesekere shows to the traditional anthropological and psychoanalytic theories of symbolism Focusing initially on one symbol matted hair Obeyesekere demonstrates that the conventional distinction between personal and cultural symbols is inadequate and naive His detailed case studies of ecstasies show that there is always a reciprocity between the personal psychological dimension of the symbol and its public culturally sanctioned role Medusa's Hair thus makes an important theoretical contribution both to the anthropology of individual experience and to the psychoanalytic understanding of culture In its analyses of the symbolism of guilt the adaptational and integrative significance of belief in spirits and a host of related issues concerning possession states and religiosity this book marks a provocative advance in psychological anthropology *Medusa's Web* Tim

Powers,2016-01-19 From the award winning author of Hide Me Among the Graves Last Call Declare and Three Days to Never a phantasmagoric thrilling mind bending tale of speculative fiction in which one man must uncover occult secrets of 1920s Hollywood to save his family In the wake of their Aunt Amity s suicide Scott and Madeline Madden are summoned to Caveat the eerie decaying mansion in the Hollywood hills in which they were raised But their decadent and reclusive cousins the malicious wheelchair bound Claimayne and his sister Ariel do not welcome Scott and Madeline s return to the childhood home they once shared While Scott desperately wants to go back to their shabby South of Sunset lives he cannot pry his sister away from this haunted House of Usher in the Hollywood Hills that is a conduit for the supernatural Decorated by bits salvaged from old hotels and movie sets Caveat hides a dark family secret that stretches back to the golden days of Rudolph Valentino and the silent film stars A collection of hypnotic eight limbed abstract images inked on paper allows the Maddens to briefly fragment and flatten time to transport themselves into the past and future in visions that are both puzzling and terrifying Though their cousins know little about these ancient spiders which provoke unpredictable temporal dislocations Ariel and Claimayne have been using for years an addiction that has brought Claimayne to the brink of selfish destruction As Madeline falls more completely under Caveat s spell Scott discovers that to protect her he must use the perilous spiders himself But will he unravel the mystery of the Madden family s past and finally free them or be pulled deeper into their deadly web

**Medusa's Butterfly** Simon Rae,2014-07-03 A box is left on Marcus s doorstep in the rain Fussy Aunt Hester has told Marcus not to open the front door under any circumstances But she s out and just this once can t hurt can it Except the parcel isn t embroidery supplies for Aunt Hester Or fishing tackle for Uncle Frank Whatever is in there it s alive And it s ANGRY The thing in the box sends Marcus s life spinning horrifyingly out of control controlling his mind and testing his will so that every moment is deadly Can Marcus overcome the pull of the Gorgon s gaze and use her power for good Because he received that box for a reason but he must find out what it is before the terrible beautiful Medusa turns everyone he holds dear to stone and then comes for him Laced with myth this modern story positively writhes with horror and suspense A terrifying unputdownable read for fans of Percy Jackson and Harry Potter
