Soaring And Settling:

Prophetic Wisdom Charles R. Strain,2024-06-01 Classical Buddhism lacked an understanding of systemic injustice and its contribution to collective suffering Despite the teaching of impermanence classical Buddhist schools viewed social institutions as given and offered no path to social transformation Today Buddhists are shaped by multiple religious and secular traditions including those stemming from the Hebrew prophets The prophetic tradition offers a socially and religiously powerful concept the concept of justice that reconfigures the Buddhist dharma In a time of unparalleled peril Buddhists are challenged as never before to turn wisdom into strategic action to foster systemic social change Compassion is not enough Prophetic Wisdom shows how Engaged Buddhists can expand their understanding of the causes of collective suffering and develop nonviolent means for social transformation through a dialectic of love power and justice It concludes by confronting the poison of racism in the American body politic *Biomechanics in Animal Behaviour* R.W. Blake,P.

Domenici,2021-05-30 *Biomechanics in Animal Behaviour* offers a unique approach by integrating fully the fields of animal behaviour and biomechanics It demonstrates how an understanding of biomechanical issues is an important part of evaluating and predicting animal behaviour The book examines how behaviour is determined and or constrained by biomechanical variables such as hydrodynamics aerodynamics kinematics and the mechanical properties of biomaterials
