Study Of Liturgy R E:

The Study of Liturgy and Worship Benjamin Gordon-Taylor, Juliette Day, 2016-12-12 This introductory book for students and general readers sheds fresh light on the study of liturgy and worship reflecting important new directions in contemporary research The contributors who are at the forefront of teaching and research in the United Kingdom United States and Ireland and who represent a variety of denominations offer multiple insights into a range of topics neglected by traditional approaches The book is divided into themed sections influenced by developments in scholarly methodologies in the social sciences anthropology philosophy and linguistics building on previous textual and historical foundations Significantly The Study of Liturgy and Worship has also taken inspiration from the growth of ecumenical dialogue and exchange in recent years Academics have praised the book for its accessibility and clarity the personal tone and examples given by the authors its easy adaptability to both an advanced undergraduate and master s level usage inspired organization and how it addresses the themes of my introductory course and my advanced seminars with PhD students

The Study of Liturgy Cheslyn Jones, Geoffrey Wainwright, Edward Yarnold, Paul F. Bradshaw, 1992 We have limited ourselves to Initiation Eucharist Ordination Office and Calendar Each of these subjects has been the responsibility of its own panel of authors and they are presented historically under five main divisions Jewish and New Testament patristic medieval Reformation and counter Reformation and contemporary i e the reforms of the last twenty years The historical account of these rites is preceded by a general introduction in the form of a series of notes giving background information on subjects like Hippolytus or Cranmer which recur in the study of all the rites But we do not wish to present liturgy in isolation We are anxious to make clear its theological foundations and connections the theological introduction is an essential part of our intention We are also anxious to show that the study of liturgy even in its historical aspects is not irrelevant to the present concerns of Christians pastoral as well as liturgical and so the concluding pastoral orientation is for us as important as the theological introduction It was also our ambition in each phase of historical exposition to show the connection between liturgy and other aspects of Christian activity and interest Preface

Worship, Ritual, and Pentecostal Spirituality-as-Theology Martina Björkander, 2024-02-06 Vibrant worship music is part of the Charismatic liturgy all around the world and has become in many ways the hallmark of Pentecostal Charismatic Christianity Despite its centrality scholarly interest in the theological and ritual significance of worship for pentecostal spirituality has been sparse not least in Africa Combining rich theoretical and theological insight with an in depth case study of worship practices in Nairobi Kenya this interdisciplinary study offers a significant contribution to knowledge and is bound to influence scholarly discussions for years to come The book is a must read for anyone interested in Pentecostal worship ritual and spirituality

Context and Text Kevin W. Irwin, 2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology Context and Text by Monsignor Kevin W Irwin is now available in a completely rewritten new edition In light of the historical theological and

pastoral mandates of the Constitution on the Sacred Liturgy Context and Text is both a proposal for and an example of an investigation of the Church's liturgical praxis from a liturgical theological perspective This second edition which includes an expanded introduction covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies further research in method for liturgical studies consideration for changes in the cultural contexts in which people celebrate the liturgy Besides brand new chapters on time and sacramentality and additions to the chapter on the arts this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity *Introduction to the Study of Liturgy* Albert Gerhards, Benedikt Kranemann, 2017 Worship is at the heart of the Christian faith This applies equally to all denominations For that reason it is all the more important that the ordering of worship and its place in the life of the church is regularly rewritten and reinterpreted This volume based on the third completely revised German edition from 2013 by two of the foremost liturgical scholars in Germany offers a contemporary comprehensive introduction to the foundations for the study of liturgy today one from which scholars and students in the English speaking world can also profit Beyond appealing to students of liturgy and theology this book reaches out to everyone who wants to know more about the liturgical essence and dimensions of the church Worship, 1929
