## **To Engineer Is Human:**

*To Engineer Is Human* Henry Petroski,1992-03-31 How did a simple design error cause one of the great disasters of the 1980s the collapse of the walkways at the Kansas City Hyatt Regency Hotel What made the graceful and innovative Tacoma Narrows Bridge twist apart in a mild wind in 1940 How did an oversized waterlily inspire the magnificent Crystal Palace the crowning achievement of Victorian architecture and engineering These are some of the failures and successes that Henry Petroski author of the acclaimed *The Pencil* examines in this engaging wonderfully literate book More than a series of fascinating case studies *To Engineer is Human* is a work that looks at our deepest notions of progress and perfection tracing the fine connection between the quantifiable realm of science and the chaotic realities of everyday life

*To Engineer Is Human* Henry Petroski,2018-10-16 Though ours is an age of high technology the essence of what engineering is and what engineers do is not common knowledge Even the most elementary of principles upon which great bridges jumbo jets or super computers are built are alien concepts to many This is so in part because engineering as a human endeavor is not yet integrated into our culture and intellectual tradition And while educators are currently wrestling with the problem of introducing technology into conventional academic curricula thus better preparing today s students for life in a world increasingly technological there is as yet no consensus as to how technological literacy can best be achieved I believe and I argue in this essay that the ideas of engineering are in fact in our bones and part of our human nature and experience Furthermore I believe that an understanding and an appreciation of engineers and engineering can be gotten without an engineering or technical education Thus I hope that the technologically uninitiated will come to read what I have written as an introduction to technology Indeed this book is my answer to the questions What is engineering and What do engineers do
