Work and Labour in Canada, Fourth Edition Mark P. Thomas,Adam D.K. King,Andrew Jackson,2025-05-30 Over the last several decades the workplace in Canada has experienced profound changes Work has become increasingly insecure for a growing number of workers and income inequality has deepened New technologies have reshaped labour processes and have enhanced elements of employer control over work and workers Entry into the labour market is itself a difficult process as young workers struggle to match qualifications and credentials with jobs while for many older workers retirement with a secure income is a diminishing prospect The demographic composition of the labour market is transforming yet this change is conditioned by longstanding patterns of inequality in terms of gender race disability and immigration status Work and Labour in Canada explores the changing world of work mapping out major trends and patterns that define working life and identifying the economic social and political factors that shape the contemporary workplace Evaluating working conditions and the quality of jobs from a critical perspective this text presents an analysis of recent trends in employment and unemployment as well as outlines the role and impact of unions and other workers organizations The fourth edition includes a new chapter on work and technology updated statistical data and additional content on the basic income debate labour and climate change and COVID 19 This thoroughly revised and updated edition is essential for teachers researchers labour activists and students of labour studies sociology political science political economy and economic geography programs

*Decent Work, Inclusion and Sustainability* Deirdre Hughes, Maria Eduarda-Duarte,2024-06-21 This content rich and inspirational book offers complementary theoretical and practical perspectives from detailed research and analysis of decent work inclusion and sustainability issues in Brazil Canada Iceland Ireland Italy Portugal Singapore the United Kingdom the United States and West Africa In today s turbulent world marked by risk and uncertainty the values of decent work inclusion and sustainability are no longer a simple choice but vital guiding principles that enable individuals organisations and governments to reimagine work as a source of dignity and purpose even in the face of adversity The thirteen chapters in this volume focus on effective ways to support individuals in their search for meaningful self discovery and work within a career guidance and counselling context With a new chapter conclusion and a revised introduction this book will be beneficial to students researchers teachers policymakers guidance and counselling practitioners who have an interest in decent work inclusion and sustainability human psychology social science behavioural science youth work public employment services mental health and well being counselling education and community development The other chapters were originally published in the British Journal of Guidance and Counselling
