Transitional Justice:

Searching for Truth in the Transitional Justice Movement Jamie Rowen, 2017-08-11 This book re imagines transitional justice as a movement and explains why truth commissions are promoted and created By exploring how the movement developed as well as efforts to create truth commissions in the Balkans Colombia and the US it examines the processes through which political actors translate transitional justice into political action

International Journal of Rule of Law, Transitional Justice And Human Rights, *Transitional Justice in Nepal* Yvette Selim, 2018-06-27 The conflict in Nepal 1996 2006 resulted in an estimated 15 000 deaths 1 300 disappearances along with other serious human rights and humanitarian law violations Demands for peace democracy accountability and development have abounded in the post conflict context Although the conflict catalysed major changes in the social and political landscape in Nepal the transitional justice TJ process has remained deeply contentious and fragmented This book provides an in depth analysis of transitional justice process in Nepal Drawing on interviews with a diverse range of stakeholders including victims ex combatants community members human rights advocates journalists and representatives from diplomatic missions international organisations and the donor community it reveals the differing viewpoints knowledge attitudes and preferences about TJ and other post conflict issues in Nepal The author develops an actor typology and an action spectrum which can be used in Nepal and other post conflict contexts The actor typology identifies four main groups of TJ actors experts brokers implementers and victims and highlights who is making claims and on behalf of whom The action spectrum based on contentious politics literature and resistance literature demonstrates the strategies actors use to shape the TJ process This book argues that the potential of TJ lies in these dynamics of contention It is by letting these dynamics play out that different conceptualisations of TJ can arise While doing so may lead to practical challenges and produce situations that are normatively undesirable for some actors particularly when certain political parties and national actors seem to hijack TJ remaining steadfast to the dominant TJ paradigm is also undesirable As the first book to provide a single case study on TJ in Nepal it makes theoretical and empirical contributions to TJ research in Nepal and the Asia Pacific more broadly the politics versus justice binary and the concept of victimhood among others It will be of interest to a wide range of scholars in the study of transitional justice peace and conflict studies human rights sociology political science criminology law anthropology and South Asian Studies as well as policy makers and NGOs

Transitional Justice Ruti G. Teitel, 2000-06-29 At the century s end societies all over the world are throwing off the yoke of authoritarian rule and beginning to build democracies At any such time of radical change the question arises should a society punish its ancien regime or let bygones be bygones Transitional Justice takes this question to a new level with an interdisciplinary approach that challenges the very terms of the contemporary debate Ruti Teitel explores the recurring dilemma of how regimes should respond to evil rule arguing against the prevailing view favoring punishment yet contending that the law nevertheless plays a profound role in periods of radical change Pursuing a

comparative and historical approach she presents a compelling analysis of constitutional legislative and administrative responses to injustice following political upheaval She proposes a new normative conception of justice one that is highly politicized offering glimmerings of the rule of law that in her view have become symbols of liberal transition Its challenge to the prevailing assumptions about transitional periods makes this timely and provocative book essential reading for policymakers and scholars of revolution and new democracies *Transitional Justice* Neil J. Founding Myths and Peace Building Processes In Post-Conflict Cambodia

Ricarda Popa, 2010-02-19 Master's Thesis from the year 2009 in the subject Politics Region Far East grade 14 points

University of Marburg Gesellschaftswissenschaften und Philosophie language English abstract Cambodia has accumulated hundreds of years of repressions supervision by foreign countries territorial partitions insecurities and conflicts The last 5 decades Cambodia has suffered extensive military or ideological wars undergoing changing political regimes that were neither stable nor legitimately recognized These passed from absolute monarchy to communism attached to Maoism to socialism after Marx and Lenin to capitalism and finally to constitutional monarchy based on parliamentary system Vannath 2003 49 which have influenced significantly all state institutions from complete destruction to reconstruction based on ideological geo strategic interest or political cupidity Ironically the country's experience has remained internationally rather unnoticed succeeding eventually in the past years to acquire political attention due to the substantial international financial and technical efforts in post war reconstruction and peace building Heijmans 2004 331 With this support Cambodia is trying to redefine itself and to open itself to the world as a regional equilibrating partner a corner of cultural and architectural treasures but also as a traumatized nation in need of foreign aid In this process the country has formulated diverse narratives to represent it on the international and domestic scene and to help people go on with a hope for peace and prosperity Given being this evolution the thesis ascertains the contribution of the new Cambodian founding myths in the country's peace building after having emerged from destabilizing rules especially the Khmer Rouge regime In the wake of democratization Cambodia has started to set a new beginning this paper searching to understand if these transitional definitions of the nation play a constructive part in the promotion of sustainable peace and security The issue is still in the process of becoming since only the end of the Vietnamese administration in September 1989 has opened the way for Cambodia to make justice and recover from the pernicious times For this reason the victim narratives still claim justice turning into full founding myths when they would have lost their appellative function M nkler 2008 2 Consequently Cambodia slightly adopted some measures to improve its situation among which the formulation of new narratives representing the nation's position in dealing with its trauma in the face of the new international support and its own reckoning with its past

The Contribution of the Extraordinary Chambers in the Courts of Cambodia to the Establishment of a Hybrid Tribunal Model Ricarda Popa, 2009 Research Paper

postgraduate from the year 2009 in the subject Politics International Politics Topic Public International Law and Human Rights grade 1 University of Marburg Faculty of Social Science and Philosophy course Transitional Justice Research Seminar language English abstract This research paper exemplifies the contribution of the Extraordinary Chambers in the Courts of Cambodia ECCC to the establishment of a hybrid tribunal model as an instrument for prosecuting serious criminal offenses committed systematically during conflicts The research sphere is demarcated by the world s 3rd hybrid tribunal novelty and its participation in the advancement of a hybrid tribunal model as internationalized judicial instrument of correction of those atrocities against humanity that were committed methodically with political purposes in times of authoritarian regimes or armed conflicts of different origin The interest arises from the awareness that by entering into force of the International Criminal Court in The Hague ICC in 2002 a shift of significance has taken place from the international level back to the domestic one in dealing with serious crimes In the context of radical changes the ECCC comes to strengthen the hybrid tribunal instrument as a judicial organization form with multidimensional benefits and to offer it sustainability to the advantage of other post conflict societies *Transitional Justice in the Asia-Pacific* Renée Jeffery, Hun Joon Kim, 2013-11-11 How to address the human rights violations of previous regimes and past periods of conflict is one of the most pressing questions facing governments and policy makers today New democracies and states in the fragile post conflict peace settlement phase are confronted by the need to make crucial decisions about whether to hold perpetrators of human rights violations accountable for their actions and if so how to best achieve that end This is the first book to examine the ways in which states and societies in the Asia Pacific region have navigated these difficult waters Drawing together several of the world s leading experts on transitional justice with Asia Pacific regional and country specialists it provides an overview of the processes and practices of transitional justice in the region as well as detailed analysis of the cases of Cambodia Sri Lanka Aceh Indonesia South Korea the Solomon Islands and East Timor *Telling the Truths* Tristan Anne Borer, RIREC Project on Post-Accord Peace Building, 2006 The volume examines whether truth telling mechanisms can contribute to sustainable peace and if so how and under what conditions Michigan Law Review, 2003-03 *Transformative Transitional Justice and the Malleability of Post-Conflict States* Padraig McAuliffe, 2017-03-31 Despite the growing focus on issues of socio economic transformation in contemporary transitional justice the path dependencies imposed by the political economy of war to peace transitions and the limitations imposed by weak statehood are seldom considered This book explores transitional justice s prospects for seeking economic justice and reform of structures of poverty in the specific context of post conflict states
