Collections of the State Historical Society of Wisconsin, Vol. 1 (Classic Reprint) Lyman Copeland Draper,2016-06-23 Excerpt from Collections of the State Historical Society of Wisconsin Vol 1 One of the manifestations of the general revival of interest in American history so noticeable during the past fifteen or eighteen years has been the large and ever increasing demand for materials for the study of local and sectional history In the case of this Society the result has been an almost complete exhaustion of the stock of the first ten volumes of Wisconsin Historical Collections indeed it has been many years since any copies of some of its volumes could be supplied The recent rapid increase in the number of public and school libraries throughout the State and the marked improvement in the methods and strength of the older of these institutions together with the greater attention now paid by the general public to the study of Western history have appeared to necessitate the republishing of these early and rare volumes The demand for their reprinting from the teachers and librarians of the State has of late been so persistent that the Legislature of 1903 made the necessary provisions therefor They will accordingly be republished at the rate of two volumes a year In considering the matter of a second edition the first impulse was by careful re

editing to bring the volumes up to date both in the matter of eliminating the undesirable material and in correcting other matter concerning which there is now more complete information In 1855 when volume i was issued the study of Western history was in its infancy The editor Dr Lyman Copland Draper was then new to the West and there were few others who had made scholarly researches into its historical sources About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
