Strange Histories Darren Oldridge, 2004-08-02. *Strange Histories* presents a serious account of some of the most extraordinary occurrences of European and North American history and explains how they made sense to people living at the time. Using case studies from the Middle Ages and the early modern period, this book provides fascinating insights into the world view of a vanished age and shows how such occurrences fitted in quite naturally with the common sense of the time. Explanations of these phenomena, riveting and ultimately rational, encourage further reflection on what shapes our beliefs today. What made reasonable, educated men and women behave in ways that seem utterly nonsensical to us today? This question and many more are answered in this fascinating book.

The Workaday Readers Clarence Truman Gray, 1929. **Elizabeth Gaskell's Smaller Stories** Carolyn Lambert, 2021-08-26. This book re-locates Elizabeth Gaskell's smaller stories in the literary and cultural context of the nineteenth century. While Gaskell is recognised as one of the major novelists of her time, the short stories that make up a large proportion of her published work have not yet received the critical attention they deserve. This study re-claims them as an indispensable part of her literary output that enables us to better contextualize and assess her achievement holistically as a highly skilled woman of letters. The periodicals in which Gaskell's shorter pieces were published offer a microcosm of nineteenth-century society and Gaskell took full advantage of the medium to apply a consistent and barbed challenge to cultural and gendered constructs of roles and social behaviour. Although her eminently readable prose still flows easily in her short stories, it is less likely to elide the sharp corners of domestic violence, the disabling experiences of women, the pain of death and loss, and the complications of family life.

The Reader's Digest De Witt Wallace, Lila Acheson Wallace, 1928. **The History on Film Reader** Marnie Hughes-Warrington, 2009. Offers readers an introduction to just under 30 critical and representative writings on the relationship between film and history. These writings represent a combination of insights from film theory, cultural studies, historiography, the history of cinema, and film promotion and reception.

The Reader's Index Croydon (London, England). Public Libraries Committee, 1906. **Reader's Guide to Periodical Literature Supplement**, 1928. *Science Fiction Reader's Guide* L. David Allen, 1974. *The Tablet*, 1902. **Readers' Guide to Periodical Literature**, 1905.
