Talks For A Sunday Morn:

An Old Church-Goer's Talk on Sunday Morning: a word in passing on the way to Church CHURCH-GOER.,1850

Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2003-12-30 A groundbreaking look at the controversial topic of sexism and gender politics within African American communities. In the Black community, rape, violence against women, and sexual harassment are as much the legacy of slavery as is racism. In *Gender Talk*, Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender. Examining why the race problem has become so male-centered and how this has opened a deep divide between Black women and men, the authors turn to their own lives, offering intimate accounts of their experiences as daughters, wives, and leaders. They examine pivotal moments in African American history when race and gender issues collided with explosive results. Along the way, they present the testimonies of a large and influential group of Black women and men, including Byllye Avery, Derrick A. Bell, Farai Chideya, Kimberl Crenshaw, Michael Eric Dyson, Marcia Gillespie, bell hooks, and Faye Wattleton. Fearless and eye-opening, *Gender Talk* is required reading for anyone concerned with the future of African American women and men.

Talk Show Campaigns Michael Parkin, 2014-02-05

Over the past twenty years, presidential candidates have developed an entertainment talk show strategy in which they routinely chat with the likes of Oprah Winfrey, David Letterman, and Jon Stewart. In fact, between 1992 and 2012, there have been more than 200 candidate interviews on daytime and late night talk shows with nearly every presidential candidate, from long-shot primary contender to major party nominee, hitting the talk show circuit at some point during the campaign. This book explores the development of the entertainment talk show strategy and assesses its impact on presidential campaigns. The chapters mix detailed narrative with extensive empirical data on audiences, content, viewer reaction, and press coverage to explain why candidates have embraced this strategy and the conditions under which these interviews are most likely to meet their expectations. The book also explores how these interviews can enhance campaigns by connecting a critical segment of the voting population with candidates who provide useful political information in a casual setting. *Talk Show Campaigns* shows that this is more than a gimmick; it is a key part of how candidates communicate with voters, which reveals a lot about how campaigns have changed over the past two decades.
