Tara Revisited:

Tara Revisited: Women, War, & the Plantation Legend Catherine Clinton, 2013-07-02 Cutting through romantic myth this captivating volume combines period photographs and illustrations with new documentary sources to tell the real story of southern women during the Civil War Drawing from a wealth of poignant letters diaries slave narratives and other accounts Catherine Clinton provides a vivid social and cultural history of the diverse communities of Southern women during the Civil War the heroic African American women who struggled for freedom the tireless nurses who faced gruesome duties the intriguing handful who donned uniforms and those brave women who spied and even died for the Confederacy Photographs drawings prints and other period illustrations bring this buried chapter of Civil War history to life taking the reader from the cotton fields to the hearthsides from shrapnel riddled mansions to slave cabins Clinton places these women within the context of war illuminating both legendary and anonymous women along the way Tracing oral traditions and Southern literature from Reconstruction through our era the author demonstrates how a deadly mix of sentiment and fabrication perpetuates tales of idyllic plantations inhabited by benevolent masters and contented slaves The book concludes with Clinton's perceptive and often witty discussion of how over the years we continue to embrace mythic figures like Scarlett and Mammy in aspects of popular culture ranging from Hollywood epics to pancake syrup

Tara Revisited Malcolm Vance, 1976 [The Fate of Texas](#) Charles D. Grear, 2008-09-01 Choice Outstanding Academic Title Texas has often been overlooked in Civil War scholarship but this examination shows that the Lone Star State though definitely unusual was decidedly Southern Eleven noted historians examine the ways the civil war touched every aspect of life in Texas and approach the subject from varied perspectives military social and cultural history public history and historical memory to provide a greater understanding of the roles of women and slaves during the war and how veterans and the aftermath of loss helped pave the way for the Texas of today

Stepdaughters of History Catherine Clinton, 2016-11-02 In *Stepdaughters of History* noted scholar Catherine Clinton reflects on the roles of women as historical actors within the field of Civil War studies and examines the ways in which historians have redefined female wartime participation Clinton contends that despite the recent attention white and black women's contributions remain shrouded in myth and sidelined in traditional historical narratives Her work tackles some of these well worn assumptions dismantling prevailing attitudes that consign women to the footnotes of Civil War texts Clinton highlights some of the debates led by emerging and established Civil War scholars which seek to demolish demeaning and limiting stereotypes of southern women as simpering belles stoic Mammies Rebel spitfires or sultry spies Such caricatures mask the more concrete and compelling struggles within the Confederacy and in Clinton's telling a far more balanced and vivid understanding of women's roles within the wartime South emerges New historical evidence has given rise to fresh insights including important revisionist literature on women's overt and covert participation in activities designed to challenge the rebellion and on white women's roles in reshaping the war's legacy in postwar

narratives Increasingly Civil War scholarship integrates those women who defied gender conventions to assume men's roles including those few who gained notoriety as spies scouts or soldiers during the war As Clinton's work demonstrates the larger questions of women's wartime contributions remain important correctives to our understanding of the war's impact Through a fuller appreciation of the dynamics of sex and race *Stepdaughters of History* promises a broader conversation in the twenty first century inviting readers to continue to confront the conundrums of the American Civil War

Southern Families at War Catherine Clinton,2000-08-10 Whether it was planter patriarchs struggling to maintain authority or Jewish families coerced by Christian evangelicalism or wives and mothers left behind to care for slaves and children the Civil War took a terrible toll From the bustling sidewalks of Richmond to the parched plains of the Texas frontier from the rich Alabama black belt to the Tennessee woodlands no corner of the South went unscathed Through the prism of the southern family this volume of twelve original essays provides fresh insights into this watershed in American history

Tara Revisited, the Inside Story of what Happened to the Stars of Gone With the Wind Malcolm Vance,1976

Her Act and Deed Angela Boswell,2001 Deeds wills divorce decrees and other evidence of the public lives of nineteenth century women belie the long held beliefs of their public invisibility Angela Boswell's *Her Act and Deed* Women's Lives in a Rural Southern County 1837-1873 follows the threads of Southern women's lives as they weave through the public records of one Texas county during the middle of the nineteenth century Her unique approach to exploring women's roles in a South that spanned the frontier antebellum Civil War and Reconstruction eras illuminates the truths of the feminine world of those periods and her analysis of this set of complete public records for those years challenges the theory of men's and women's separate spheres of influence as advanced by many scholars The world Boswell reconstructs allows readers a more egalitarian multicultural look at life working class and poor women both black and white join their more affluent sisters in the pages of the Colorado County Texas courthouse records Those same records reveal that the men of that world most of them planters or farmers the majority of them owning at least a few slaves are a force for women to reckon with both in public and at home The almost constant presence of men in the home and their need to uphold the dominant slave holding hierarchy produced a patriarchy more pervasive than that experienced by women in the urban north Eminently readable and accessible to scholars and general readers alike *Her Act and Deed* represents a welcome addition to the classroom to the scholar's library and to Texas history collections

The Land of Midian (revisited). Sir Richard Francis Burton,1879

Southern Horrors Crystal N. Feimster,2009-11-23 Between 1880 and 1930 close to 200 women were murdered by lynch mobs in the American South Many more were tarred and feathered burned whipped or raped In this brutal world of white supremacist politics and patriarchy a world violently divided by race gender and class black and white women defended themselves and challenged the male power brokers Crystal Feimster breaks new ground in her story of the racial politics of the postbellum South by focusing on the volatile issue of sexual violence Pairing the lives of two Southern women

Ida B Wells who fearlessly branded lynching a white tool of political terror against southern blacks and Rebecca Latimer Felton who urged white men to prove their manhood by lynching black men accused of raping white women Feimster makes visible the ways in which black and white women sought protection and political power in the New South While Wells was black and Felton was white both were journalists temperance women suffragists and anti rape activists By placing their concerns at the center of southern politics Feimster illuminates a critical and novel aspect of southern racial and sexual dynamics Despite being on opposite sides of the lynching question both Wells and Felton sought protection from sexual violence and political empowerment for women Southern Horrors provides a startling view into the Jim Crow South where the precarious and subordinate position of women linked black and white anti rape activists together in fragile political alliances It is a story that reveals how the complex drama of political power race and sex played out in the lives of Southern women

Writing Women's History Elizabeth Anne Payne, 2011-09-13 Contributions by Laura F Edwards Crystal Feimster Glenda E Gilmore Jacquelyn Dowd Hall Darlene Clark Hine Mary Kelley Markeeva Morgan Anne Firor Scott Laurel Thatcher Ulrich and Deborah Gray White Anne Firor Scott's *The Southern Lady From Pedestal to Politics 1830-1930* stirred a keen interest among historians in both the approach and message of her book Using women's diaries letters and other personal documents Scott brought to life southern women as wives and mothers as members of their communities and churches and as sometimes sassy but rarely passive agents She brilliantly demonstrated that the familiar dichotomies of the personal versus the public the private versus the civic which had dominated traditional scholarship about men could not be made to fit women's lives In doing so she helped to open up vast terrains of women's experiences for historical scholarship This volume based on papers presented at the University of Mississippi's annual Chancellor Porter L Fortune Symposium in Southern History brings together essays by scholars at the forefront of contemporary scholarship on American women's history Each regards *The Southern Lady* as having shaped her historical perspective and inspired her choice of topics in important ways These essays together demonstrate that the power of imagination and scholarly courage manifested in Scott's and other early American women historians work has blossomed into a gracious plentitude
